## **ESTABLISHMENT OF THE PLAN**

Metropolitan Archdiocese of Pittsburgh, Byzantine Rite, a Pennsylvania nonprofit corporation (the “Plan Sponsor”) has adopted this amended and restated Plan Document and Summary Plan Description effective as of July 1, 2019 for the Eastern Catholic Benefit Plan (hereinafter referred to as the “Plan” or “Summary Plan Description”), as set forth herein. The Plan was originally adopted by the Plan Sponsor effective as of June 1, 2012. Each Participating Employer, with the consent of the Plan Sponsor, has adopted this Plan Document and Summary Plan Description as of the effective date of the participation agreement by and between the Plan Sponsor and each Participating Employer. The Plan Sponsor and each Participating Employer, as applicable, has adopted this Plan Document and Summary Plan Description for the exclusive benefit of its Employees and their eligible Dependents.

### **Purpose of the Plan**

The Plan Sponsor has established the Plan for your benefit and for the benefit of your eligible Dependents, on the terms and conditions described herein. The Plan Sponsor’s purpose in establishing the Plan and each Participating Employer’s purpose of adopting the Plan is to help to protect you and your family by offsetting some of the financial problems that may arise from an Injury or Illness. To accomplish this purpose, the Plan Sponsor and each Participating Employer must attempt to control health care costs through effective plan design and the Plan Administrator must abide by the terms of the Plan Document and Summary Plan Description, to allow the Plan Sponsor to allocate the resources available to help those individuals participating in the Plan to manage their healthcare costs.

The Plan is not a contract of employment between you and your Employer or any Participating Employer and does not give you the right to be retained in the service of your Employer.

The purpose of this Plan is to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain health care expenses. This Plan is maintained by the Plan Administrator and may be inspected at any time during normal working hours by you or your eligible Dependents.

This Plan is intended to be a “church plan” within the meaning of section 3(33) of the Employee Retirement Income Security Act of 1974 (“ERISA”), for which no election has been made to be subject to ERISA. The Plan should be construed consistent with that intent.

The Plan is a self-funded church plan for employers associated with the Catholic Church by providing medical benefits to Plan participants for treatment of covered illnesses or injuries. It is understood that the Plan works within the framework of the tenets of the Catholic Church. It is for the reason the Plan does not provide benefits for services inconsistent with the position of the Catholic Church; such as, contraception, sterilization, abortion, etc.

### **Adoption of this Plan Document and Summary Plan Description**

The Plan Sponsor, as the settlor of the Plan, hereby adopts this Plan Document and Summary Plan Description (SPD) as the written description of the Plan. This Plan Document represents both the Plan Document and the Summary Plan Description. This Plan Document and SPD amends and replaces any prior statement of the health care coverage contained in the Plan or any predecessor to the Plan.

IN WITNESS WHEREOF, the Plan Sponsor has caused this Plan Document and Summary Plan Description to be executed as of the date set forth below.

## GENERAL OVERVIEW OF THE PLAN

The Plan provides medical, dental and vision benefits. The benefits described in this document relate to medical benefits except for the Section hereof entitled “Dental and Vision Benefits”.

The Plan Administrator has entered into an agreement with Cigna PPO, Choice Fund PPO (the “Network”). This Network offers you health care services at discounted rates. Using a Network provider will normally result in a lower cost to the Plan as well as a lower cost to you. There is no requirement for anyone to seek care from a provider who participates in the Network. The choice of provider is entirely up to you.

Covered services rendered by a Non-Participating Provider will be paid at the Participating Provider level when a:

- (1) Covered Person has no choice of a Participating Provider.
- (2) Covered Person has an Emergency Medical Condition requiring immediate care.
- (3) Covered Person receives services by a Non-Participating Provider (e.g. anesthesiologists, radiologists, pathologists, etc.) who is under agreement with a Network facility.
- (4) Participating Provider submits a specimen to a Non-Participating Provider laboratory.

Not all providers based in Network Hospitals or medical facilities are Participating Providers. It is important when you enter a Hospital or medical facility that you request that ALL Physician services be performed by Participating Providers. By doing this, you will always receive the greater Participating Provider level of benefits.

A current list of Participating Providers is available, without charge, through the Medical Claims Administrator at [www.Mycigna.com](http://www.Mycigna.com). If you do not have access to a computer at your home, you may contact your Employer or the Network at the phone number on the Employee identification card to obtain a paper copy of the Participating Providers available.

You have a free choice of any provider and you, together with your provider, are ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care. The Participating Providers are independent contractors; neither the Plan nor the Plan Administrator makes any warranty as to the quality of care that may be rendered by any Participating Provider.

### **Costs**

You must pay for a certain portion of the cost of Covered Expenses under the Plan, including (as applicable) any Copay, Deductible and Coinsurance percentage that is not paid by the Plan, up to the Out-of-Pocket Maximum set by the Plan.

### **Coinsurance**

Coinsurance is the percentage of eligible expenses the Plan and the Covered Person are required to pay. The amount of Coinsurance a Covered Person is required to pay is the difference from what the Plan pays as shown in the applicable Medical Schedule of Benefits.

There may be differences in the Coinsurance percentage payable by the Plan depending upon whether you are using a Participating Provider or a Non-Participating Provider. These payment levels are also shown in the applicable Medical Schedule of Benefits.

## **Copay**

A Copay is the portion of the medical expense that is your responsibility, as shown in the applicable Medical Schedule of Benefits. A Copay is applied for each occurrence of such covered medical service and is not applied toward satisfaction of the Deductible.

## **Deductible**

A Deductible is the total amount of eligible expenses as shown in the applicable Medical Schedule of Benefits, which must be Incurred by you during any Calendar Year before Covered Expenses are payable under the Plan. The family Deductible maximum, as shown in the applicable Medical Schedule of Benefits, is the maximum amount which must be Incurred by the covered family members during a Calendar Year. However, each individual in a family is not required to contribute more than one individual Deductible amount to a family Deductible.

If the Deductible is satisfied in whole or in part by eligible expenses Incurred during October, November or December, those expenses will apply to the Deductible applicable in the next Calendar Year.

If 2 or more covered family members suffer Injuries from the same Accident, only one Deductible will be applied to all charges Incurred for the treatment of those Injuries during the Calendar Year.

## **Out-of-Pocket Maximum**

An Out-of-Pocket Maximum is the maximum amount you and/or all of your family members will pay for eligible expenses Incurred during a Calendar Year before the percentage payable under the Plan increases to 100%.

The single Out-of-Pocket Maximum applies to a Covered Person with single coverage. When a Covered Person reaches his or her Out-of-Pocket Maximum, the Plan will pay 100% of additional eligible expenses for that individual during the remainder of that Calendar Year.

The family Out-of-Pocket Maximum applies collectively to all Covered Persons in the same family. The family Out-of-Pocket Maximum, if applicable, is the maximum amount that must be satisfied by covered family members during a Calendar Year. The entire family Out-of-Pocket Maximum must be satisfied; however each individual in a family is not required to contribute more than the single Out-of-Pocket amount to the family Out-of-Pocket Maximum before the Plan will pay 100% of covered expenses for any Covered Person in the family during the remainder of that Calendar Year.

Your Out-of-Pocket Maximum may be higher for Non-Participating Providers than for Participating Providers. Please note, however, that not all Covered Expenses are eligible to accumulate toward your Out-of-Pocket Maximum. The types of expenses, which are not eligible to accumulate toward your Out-of-Pocket Maximum, (“non-accumulating expenses”) include:

- (1) Charges over Usual and Customary Charges for Non-Participating Providers.
- (2) Charges this Plan does not cover.

Reimbursement for any eligible non-accumulating expenses will continue at the percentage payable shown in the Schedule of Benefits, subject to the Plan maximums.

The Plan will not reimburse any expense that is not a Covered Expense. In addition, you must pay any expenses that are in excess of the Usual and Customary Charges for Non-Participating Providers. This could result in you

having to pay a significant portion of your claim. None of these amounts will accumulate toward your Out-of-Pocket Maximum.

Once you have paid the Out-of-Pocket Maximum for eligible expenses Incurred during a Calendar Year, the Plan will reimburse additional eligible expenses Incurred during that year at 100%.

If you have any questions about whether an expense is a Covered Expense or whether it is eligible for accumulation toward your Out-of-Pocket Maximum, please contact your Plan Administrator for assistance.

### **Integration of Deductibles and Out-of-Pocket Maximums**

If you use a combination of Participating Providers and Non-Participating Providers, your total Deductible amount and Out-of-Pocket Maximum amount required to be paid are separate amounts and do not integrate. In other words, you will be required to satisfy the Deductible amount and Out-of-Pocket Maximum amount for Participating Providers and Non-Participating Providers separately.

## MEDICAL MANAGEMENT PROGRAM

You, your eligible Dependents or a representative acting on your behalf, should call the Medical Management Program Administrator to receive certification of Inpatient admissions (other than admissions for an Emergency Medical Condition), as well as other non-Emergency Services listed below. This call should be made prior to an Inpatient admission or receipt of the non-Emergency Services listed below. If the Inpatient admission is with respect to an Emergency Medical Condition, you should notify the Medical Management Program Administrator within 48 hours or if later, by the next business day after the Emergency Medical Condition admission.

Medical Management is a program designed to help ensure that you and your eligible Dependents receive necessary and appropriate healthcare while avoiding unnecessary expenses. The program consists of:

- (1) Precertification of Medical Necessity. The following items and/or services should be precertified before any medical services are provided:
  - (a) Chemotherapy - all settings including services rendered in a Physician's office
  - (b) Durable Medical Equipment (other than breast pumps covered as a preventive service)
  - (c) Home health care, including IV home infusion therapy
  - (d) Inpatient admissions, including inpatient admissions to a Skilled Nursing Facility, Extended Care Facility, Rehabilitation Facility and inpatient admissions due to a Mental Disorder or Substance Use Disorder
  - (e) Morbid Obesity (Surgical treatment only)
  - (f) Radiation - all settings including services rendered in a Physician's office
  - (g) Transplants

**This Plan will only require precertification in these categories if defined or allowed by Cigna's list of CPT codes available for pre-certification.**

Retrospective review for Medical Necessity where precertification is not obtained or the Medical Management Program Administrator is not notified is also included in the program.

- (2) Concurrent Review for continued length of stay and assistance with discharge planning activities.
- (3) Retrospective review for Medical Necessity where precertification is not obtained or the Medical Management Program Administrator is not notified.

### **Medical Management Does Not Guarantee Payment**

All benefits/payments are subject to the patient's eligibility for benefits under the Plan. For benefit payment, services rendered must be considered an eligible expense under the Plan and are subject to all other provisions of the Plan.

This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other healthcare provider.

## How the Program Works

### Precertification

**Before you or your eligible Dependents are admitted to a medical facility or receive items or services for which precertification is recommended on a non-Emergency Medical Condition basis (that is an Emergency Medical Condition is not involved), the Medical Management Program Administrator will, based on clinical information from the provider or facility, certify the care according to the Medical Management Program Administrator's policies and procedures.**

The Medical Management Program is set in motion by a telephone call from you, the patient or a representative acting on your behalf or on behalf of the patient. Please call 1-855-325-2665

To allow for adequate processing of the request, contact the Medical Management Program Administrator at least prior to before receiving any item or service for which precertification is recommended or an Inpatient admission for a Non-Emergency Medical Condition with the following information:

- (1) Name, identification number and date of birth of the patient;
- (2) The relationship of the patient to the covered Employee;
- (3) Name, identification number, address and telephone number of the covered Employee;
- (4) Name of Employer and group number;
- (5) Name, address, Tax ID # and telephone number of the admitting Physician;
- (6) Name, address, Tax ID # and telephone number of the medical facility with the proposed date of admission and proposed length of stay;
- (7) Proposed treatment plan; and
- (8) Diagnosis and/or admitting diagnosis.

If there is an Inpatient admission with respect to an Emergency Medical Condition, you, the patient or a representative acting on your behalf or on behalf of the patient, including, but not limited to, the Hospital or admitting Physician, should contact the Medical Management Program Administrator within 48 hours after the start of the confinement or on the next business day, whichever is later.

Hospital stays in connection with childbirth for either the mother or newborn may not be less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. These requirements can only be waived by the attending Physician in consultation with the mother.

You, the patient and the providers are **NOT REQUIRED** to obtain precertification for a maternity delivery admission, unless the stay extends past the applicable 48- or 96-hour stay. A Hospital stay begins at the time of delivery or for deliveries outside the Hospital, the time the newborn or mother is admitted to a Hospital following birth, in connection with childbirth. If a newborn remains hospitalized beyond the time frames specified above, the confinement should be precertified with the Medical Management Program Administrator.

The Medical Management Program Administrator, in coordination with the facility and/or provider, will make a determination on the number of days certified based on the Medical Management Program Administrator's policies, procedures and guidelines. If the confinement will last longer than the number of days certified, a

representative of the Physician or the facility should call the Medical Management Program Administrator before those extra days begin and obtain certification for the additional time.

If the Plan's required review procedures are not followed, a retrospective review will be conducted by the Medical Management Program Administrator to determine if the services provided met all other Plan provisions and requirements. If the review concludes the services were Medically Necessary and would have been approved had the required phone call been made, benefits will be paid according to the terms of the Plan. However, any charges not deemed Medically Necessary will be denied.

### **Concurrent Review, Discharge Planning**

Discharge planning needs is part of the Medical Management Program. The Medical Management Program Administrator will assist and coordinate the initial implementation of any services the patient will need post hospitalization with the attending Physician and the facility. If the attending Physician feels that it is Medically Necessary for a patient to stay in the medical care facility for a greater length of time than has been precertified, the attending Physician or the medical facility must request the additional service or days.

### **Concurrent Inpatient Review**

Once the Inpatient setting has been precertified, the on-going review of the course of treatment becomes the focus of the program. Working directly with your Physician, the Medical Management Program Administrator will identify and approve the most appropriate and cost-effective setting for the treatment as it progresses.

### **To File a Complaint or Request an Appeal to a Non-Certification**

Verbal appeal requests and information regarding the appeal process should be directed to the Medical Management Program Administrator as identified on the General Information page of this Plan.

### **Case Management**

When a catastrophic condition, such as a spinal cord injury, cancer, AIDS or a premature birth occurs, a person may require long-term, perhaps lifetime care. After the patient's condition is diagnosed, the patient might need extensive services or might be able to be moved into another type of care setting, even to the patient's home.

Case management is a program whereby a Case Manager contacts the patient to obtain consent for case management services. The Case Manager monitors the patient and explores, discusses and recommends coordinated and/or alternate types of appropriate medical care. The Case Manager consults with the patient, family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient.

This plan of care may include some or all of the following:

- (1) Personal support to the patient;
- (2) Contacting the family to offer assistance and support;
- (3) Monitoring Hospital or skilled nursing care or home health care;
- (4) Determining alternative care options; and
- (5) Assisting in obtaining any necessary equipment and services.

Case management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The Case Manager will coordinate and implement the case management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan staff, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Case management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

Medical Management will not interfere with your course of treatment or the Physician-patient relationship. All decisions regarding treatment and use of facilities will be yours and should be made independently of this Program.

The Medical Management Program Administrator contact information for this Plan is identified on the Employee identification card and also on the General Information page of this Plan.

**Dispense as Written**

The Plan requires pharmacies dispense Generic Drugs when available unless the Physician specifically prescribes a Formulary or Non-Formulary Drug and marks the script "Dispense as Written" (DAW). Should a Covered Person choose a Formulary or Non-Formulary Drug rather than the Generic equivalent when the Physician allowed a Generic Drug to be dispensed, the Covered Person will be responsible for the cost difference between the Generic and Formulary or Non-Formulary Drug in addition to the Formulary or Non-Formulary Drug Copay. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

**Specialty Pharmacy Program**

Specialty drugs are high cost drugs used to treat chronic diseases, including, but not limited to: HIV/Aids, Rheumatoid Arthritis, Cancer, Hepatitis, Hemophilia, Multiple Sclerosis, Infertility and Growth Hormone Deficiency. Specialty drugs must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Manager.

**Preventive Drug** means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

## **Variable Copay Program**

The Plan has adopted the Southern Scripts Variable Copay™ Program to help Covered Persons who utilize manufacturer Copay programs save money on Prescription Drugs. Under the Variable Copay™ Program, your Out-of-Pocket cost for Prescription Drugs may be reduced or eliminated by a drug manufacturer's Copay subsidy. If you are eligible to receive a manufacturer Copay subsidy for a drug, your Copay obligation for that drug will be the maximum manufacturer Copay subsidy for that drug. If you are not eligible to receive a manufacturer Copay subsidy, your Copay obligation will be the Copay amount listed for the drug in the standard formulary under the plan. **Note: if you are eligible for a manufacturer Copay subsidy for a drug but fail to obtain the subsidy, your Copay obligation – and the Out-of-Pocket cost you may be required to pay – will be the maximum manufacturer Copay subsidy for that drug.** A detailed schedule of subsidies available through manufacturer Copay programs under the Variable Copay™ Program is available at [www.southernscripts.net](http://www.southernscripts.net) or may be accessed free of charge by contacting (800) 710-9341.

## **Manufacturer Free Drug Initiative**

The Plan offers voluntary enrollment in the Manufacturer Free Drug Initiative to help Covered Persons save money on Prescription Drugs. If you choose to enroll and receive a drug at no cost through a manufacturer free drug program, that drug will not be covered under the Plan and you will have no cost sharing obligation to the Plan for that drug.

**NOTE: This Plan does not provide coverage for preventive contraceptive or contraceptive devices.**

You are not eligible to participate in the Plan if you are a part-time, temporary, leased or Seasonal Employee, an independent contractor or a person performing services pursuant to a contract under which you are designated an independent contractor (regardless of whether you might later be deemed a common law employee by a court or governmental agency) or a person covered by a collective bargaining agreement that does not provide for participation in this Plan.

Any employee who is eligible for another plan sponsored by a Participating Employer and/or Plan Sponsor is not eligible for participation in this Plan.

### **Dependent Eligibility**

Your Dependents are eligible for participation in this Plan provided he/she is:

- (1) Your Spouse.
- (2) Your Child until the end of the month in which he/she attains age 26.
- (3) Your Child age 26 or older, who is unable to be self supporting by reason of mental or physical handicap and is incapacitated, provided the child suffered such incapacity prior to the end of the month in which he/she attained age 26. Your Child must be unmarried and primarily dependent upon you for support. The Plan Sponsor may require subsequent proof of your Child's disability and dependency, including a Physician's statement certifying your Child's physical or mental incapacity.
- (4) A child for whom you are required to provide health coverage due to a Qualified Medical Child Support Order (QMCSO). Procedures for determining a QMCSO may be obtained from the Plan Administrator at no cost.

The below terms have the following meanings:

“Child” means your natural born son, daughter, stepson, stepdaughter, legally adopted child (or a child placed with you in anticipation of adoption), or a child for whom you are the Legal Guardian. Coverage for a child for whom you are the Legal Guardian will remain in effect until such child no longer meets the age requirements of an eligible Dependent under the terms of the Plan, regardless of whether or not such child has attained age 18 (or any other applicable age of emancipation of minors).

“Child placed with you in anticipation of adoption” means a child that you intend to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term “placed” means the assumption and retention by you of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

“Legal Guardian” means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of an individual that is placed with such person by judgment, decree or other order of any court of competent jurisdiction.

“Spouse” means a person of the opposite sex recognized as the covered Employee’s husband or wife under the laws of the state where you live. Specifically excluded from this definition is a spouse by reason of common law marriage or a spouse of the same gender, whether or not permitted in your State. The Plan Administrator may require documentation proving a legal marital relationship.

The Plan Administrator, in its sole discretion, shall have the right to require documentation necessary to establish an individual’s status as an eligible Dependent.

### **When You and Your Spouse are Both Covered Employees**

When both you and your Spouse are Covered Employees, each of you must choose coverage as either an Employee or as a Dependent. You may not be covered under this Plan as both an Employee and a Dependent.

### **Court Ordered Coverage for a Child**

Federal law requires the Plan, under certain circumstances, to provide coverage for your children. The details of these requirements are summarized below.

The Plan Administrator shall enroll for immediate coverage under this Plan any Child, who is the subject of a “qualified medical child support order” (“QMCSO”). If you are ordered to provide such coverage for a Child and you are not enrolled in the Plan at the time the Plan Administrator receives a QMCSO, the Plan Administrator shall also enroll you for immediate coverage under this Plan. Coverage under the Plan will be effective as of the later of the date specified in the order or the date the Plan Administrator determines that the order is a QMCSO. Any required contribution for coverage pursuant to this section will be deducted from your pay in accordance with the Plan Sponsor’s or Participating Employer’s payroll schedule and policies.

A QMCSO is defined as a child support decree or order issued by a court (or a state administrative agency that has the force and effect of law under applicable state law) that obligates you to support or provide health care coverage to your child and includes certain information concerning such coverage. The Plan Administrator will determine whether any child support order it receives constitutes a QMCSO. Except for QMCSO’s, no child is eligible for Plan coverage, even if you are required to provide coverage for that child under the terms of a separation agreement or court order, unless the child is an eligible Child under this Plan. Procedures for determining a QMCSO may be obtained, free of charge, by contacting the Plan Administrator.

### **Timely Enrollment**

Once you are eligible to participate in the Plan, you must enroll for coverage by completing all election and enrollment forms and submitting them to the Plan Administrator within 31 days after satisfaction of the eligibility requirements. If you are required to contribute towards the cost of coverage you must complete and submit a payroll deduction authorization for the Plan Administrator to deduct the required contribution from your pay. In

addition, as part of the enrollment requirements, you will be required to provide your social security number, as well as the social security numbers of your Dependents. The Plan Administrator may request this information at any time for continued eligibility under the Plan. Failure to provide the required social security numbers may result in loss of eligibility or loss of continued eligibility under the Plan.

If you decline enrollment for you and/or your Dependents, you must provide a written statement to the Plan Administrator indicating that the reason you are declining enrollment is due to other health coverage. If you lose such other health coverage, it may constitute a Special Enrollment Event (described below) that gives you and/or your Dependents a right to enroll in the Plan mid-year due to such loss of coverage. However, if you failed to submit such written statement when initially eligible, you will lose your right to this special mid-year enrollment opportunity.

If you fail to complete and submit the appropriate election and enrollment forms within the 31-day period described above, you will not be eligible to enroll in the Plan until the next open enrollment period or unless you experience a Special Enrollment Event or a Status Change Event.

### **Open Enrollment Period**

You and your Dependents may enroll for coverage during the Plan's open enrollment period, designated by the Plan Sponsor and communicated to you prior to such open enrollment period. During this time you will be permitted to make changes to any existing benefit elections. Benefit elections made during the open enrollment period will be effective as of July 1 and will remain in effect until the next open enrollment period unless you experience or your Dependent experiences a Special Enrollment Event or Status Change Event.

### **Late Enrollment**

If you did not enroll during your original 31-day eligibility period you may do so by making written application to the Plan Administrator during the annual open enrollment period (refer to annual open enrollment period section above). In these circumstances, you and/or your eligible Dependents will be considered Late Enrollees.

### **Special Enrollment Event**

A special enrollment event occurs when you or your Dependents suffer a loss of other health care coverage, when you become eligible for a state premium assistance subsidy or acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption. In these circumstances, you and/or your eligible Dependents will be considered Special Enrollees.

Each special enrollment event is more fully described below:

- (1) **Loss of Other Coverage (other than under Medicaid or SCHIP).** If you declined enrollment for yourself or your Dependents (including your Spouse) because you or your Dependents had other health coverage (including coverage under a group health plan sponsored by a governmental or educational institution, a medical care program of the Indian Health Service or of a tribal organization), you may enroll for coverage for yourself and/or your Dependents under this Plan if the other health coverage is lost as a result of one of the following provided, however, you submitted a written statement to the Plan Administrator when you and/or your Dependents were initially eligible stating that other health coverage was the reason for declining enrollment under this Plan:
  - (a) The other health coverage was under COBRA and the maximum continuation period available under COBRA has been exhausted;

- (b) Loss of eligibility under the other health coverage for reasons other than non-payment of the required contribution or premium, making a fraudulent claim or intentional misrepresentation of a material fact in connection with the other plan; or
- (c) Employer contributions cease for the other health coverage.

If you are already enrolled in a benefit option available under the Plan and your Dependent lost his or her other health coverage, you may enroll in a different benefit option available under the Plan due to the special enrollment event of your Dependent.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the date the other health coverage was lost. Coverage under the Plan will become effective on the day following the date you submit the appropriate election and enrollment forms to the Plan Administrator.

- (2) **Loss of Coverage under Medicaid or SCHIP or Eligibility for a State Premium Assistance Subsidy.** If you or your Dependents did not enroll in the Plan when initially eligible because you and/or your Dependents were covered under Medicaid or a State sponsored Children's Health Insurance Program (SCHIP) and your coverage terminates because you or your Dependents are no longer eligible for Medicaid or SCHIP or you or your Dependents become eligible for a State premium assistance subsidy under Medicaid or SCHIP, you may enroll for coverage under this Plan for yourself and your Dependents after Medicaid or SCHIP coverage terminates or after you or your Dependents' eligibility for a State assistance subsidy under Medicaid or SCHIP is determined.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 60 days after coverage under Medicaid or SCHIP terminates or within 60 days after eligibility for a State premium assistance subsidy under Medicaid or SCHIP is determined. Coverage under the Plan will become effective on the day following the date you submit the appropriate election and enrollment forms to the Plan Administrator.

- (3) **Acquisition of a New Dependent.** If you acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll for coverage under this Plan for yourself and your Dependents. You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the date you acquire such Dependent.

- (a) Coverage becomes effective for a Dependent Child who is born after the date your coverage becomes effective as of such child's date of birth and will continue for the first 31 days after birth. If you wish to continue coverage beyond this 31-day period, you must complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after the child's birth. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan beyond the first 31 days after the child's birth.
- (b) Coverage for a newly acquired Dependent due to marriage will be effective on the date of marriage provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after your date of marriage. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.

- (c) Coverage for a newly acquired Dependent due to adoption (or placement with you in anticipation of adoption) will be effective as of the date of adoption (or placement in anticipation of adoption) provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after adoption or placement in anticipation of adoption, as applicable. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.

### **Status Change Event**

Generally, your election under the Plan will remain in effect for the entire Plan Year unless you experience a Special Enrollment Event (described above) or a Status Change Event. If a Status Change Event occurs you may make a new election under the Plan provided your new election is consistent with the Status Change Event. A Status Change Event includes the following:

- (1) A change in your legal marital status, including divorce, legal separation or annulment;
- (2) The death of your Spouse or Dependent Child;
- (3) Termination or commencement of employment by you, your Spouse or your Dependent Child that results in the gain or loss of eligibility under the Plan or another employer-sponsored employee benefit plan;
- (4) A reduction or increase in your hours of employment or those of your Spouse or your Dependent Child, including a switch from part-time to full-time or commencement or return from an unpaid leave of absence, resulting in the gain or loss of eligibility under the Plan or another employer-sponsored employee benefit plan;
- (5) A change due to your Dependent Child satisfying or ceasing to satisfy the requirements for Dependents under the Plan;
- (6) A change in the place of residence or work of you, your Spouse or your Dependent Child;
- (7) Entitlement to or loss of entitlement to Medicare or Medicaid by you, your Spouse or your Dependent Child;
- (8) Receipt of a Qualified Medical Child Support Order (“QMCSO”) which requires that you provide the child named in the Order with health care coverage under the Plan. If the required coverage is different from your current coverage under the Plan, you may change your election accordingly;
- (9) A change due to you, your Spouse or your Dependent Child gaining coverage under another employer’s plan;
- (10) A significant increase in the cost of your coverage under the Plan during the Plan Year. If the cost of your coverage under the Plan significantly increases during the Plan Year, you may choose one of the following options: (a) maintain existing coverage and agree to pay the increased cost; (b) revoke your existing election and elect similar coverage under another Plan option (if any); or (c) drop coverage under the Plan, but only if there is no similar option available under the Plan;
- (11) Addition or significant improvement of a Plan option. If the Plan adds a new option or significantly improves an existing option, you may revoke your existing election and elect coverage under the

new option. Any eligible Employee, regardless of whether or not he/she elected coverage under the Plan previously, may elect coverage under any new option or significantly improved option for himself or herself and any eligible Dependents;

- (12) Significant Curtailment of Coverage without Loss. If your coverage under the Plan is significantly curtailed without a loss of coverage (for example, a significant increase in the Out-of-Pocket maximum you are required to pay), you may revoke your existing election under the Plan and elect coverage under a similar Plan option, if any. If no similar option is available, then you must maintain your existing election until the end of the current Plan Year;
- (13) Significant Curtailment of Coverage with Loss. If your coverage under the Plan is significantly curtailed with a loss of coverage (for example, elimination of a benefit option under the Plan), then you may either revoke your existing election under the Plan and elect coverage under a similar Plan option (if any) or drop your existing coverage provided there is no similar Plan option available; and
- (14) Change in Election under another Employer Plan. You may make an election change that is on account of and corresponds with a change made under another employer-sponsored plan (including another plan maintained by the Employer or a plan maintained by the employer of your Spouse or Dependent Child) provided the election change satisfied the regulations under Code Section 125 regarding permitted election changes or the election is for a period of coverage under the plan maintained by the other employer which does not correspond to the Plan Year of this Plan.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the Status Change Event. Coverage under the Plan will become effective on the day following the date you submit the appropriate election and enrollment forms to the Plan Administrator.

## **TERMINATION OF COVERAGE**

### **Termination of Employee Coverage**

Coverage under the Plan will terminate on the earliest of the following dates:

- (1) The date the Plan terminates, in whole or in part;
- (2) If you fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid;
- (3) The date you report to active military service, unless coverage is continued through the Uniformed Services Employment and Reemployment Rights Act (USERRA) as explained below;
- (4) The last day of the month during which you cease to be eligible for coverage under the Plan (As a church plan, the Plan is not subject to the federal law known as COBRA);
- (5) The date you (or any person seeking coverage on your behalf) performs an act, practice or omission that constitutes fraud; and
- (6) The date you (or any person seeking coverage on your behalf) makes an intentional misrepresentation of a material fact.

### **Termination of Dependent Coverage**

Coverage under the Plan will terminate on the earliest of the following dates:

- (1) The date the Plan terminates, in whole or in part;
- (2) The date the Plan discontinues coverage for Dependents;
- (3) The date your Dependent becomes eligible as an Employee under the Plan;
- (4) The date coverage terminates for the Employee;
- (5) If you and/or your Dependents fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid;
- (6) The date the Dependent Spouse reports to active military service;
- (7) The end of the month in which a Dependent ceases to be a Dependent as defined by the Plan;
- (8) The date your Dependent (or any person seeking coverage on behalf of your Dependent) performs an act, practice or omission that constitutes fraud; and
- (9) The date your Dependent (or any person seeking coverage on behalf of your Dependent) makes an intentional misrepresentation of a material fact.

### **Retroactive Termination of Coverage**

Except in cases where you and/or your covered Dependents fail to pay any required contribution to the cost of coverage, the Plan will not retroactively terminate coverage under the Plan unless you and/or your covered

Dependents (or a person seeking coverage on behalf of you and/or your covered Dependents) performs an act, practice or omission that constitutes fraud with respect to the Plan or unless the individual makes an intentional misrepresentation of material fact. In such cases, the Plan will provide at least 30 days advance written notice to you or your covered Dependent who is affected before coverage will be retroactively terminated. As provided above, coverage may be retroactively terminated in cases where required employee contributions have not been paid by the applicable deadline. In those cases, no advance written notice is required.

### **Continuation of Coverage under the Family and Medical Leave Act (FMLA)**

The Plan shall at all times comply with the Family and Medical Leave Act of 1993 (FMLA), as amended and as promulgated in regulations issued by the Department of Labor.

During any leave taken under the FMLA, you may maintain coverage under the Plan on the same conditions as coverage would have been provided if you had been continuously employed during the leave period. Failure to make required payments within 30 days of the due date established by the Plan Sponsor or Participating Employer will result in the termination of coverage for you and/or your eligible Dependents.

If you fail to return to work after the FMLA leave, the Employer may have the right to recover its contributions toward the cost of coverage during the FMLA leave.

If coverage under the Plan terminates during the FMLA leave, coverage will be reinstated for you and your covered Dependents if you return to work at the end of the FMLA leave.

### **Continuation of Coverage under State Family and Medical Leave Laws**

To the extent this Plan is required to comply with a State family and medical leave law that is more generous than the FMLA, continuation of coverage under this Plan will be provided in accordance with such State family and medical leave law, as well as under FMLA.

### **Continuation of Coverage under USERRA**

You may elect to continue Plan coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) if you are absent from work due to military service in the Uniformed Services (as defined under USERRA). You may elect to continue coverage for yourself and any of your Dependents that were covered under the Plan at the time of your leave. Your eligible Dependents do not have an independent right to elect coverage under USERRA; therefore unless you elect to continue coverage on their behalf, your eligible Dependents will not be permitted to continue coverage under USERRA separately.

To elect coverage under USERRA, you must submit your election to continue coverage under USERRA, on a form prescribed by the Plan Administrator to the Plan Administrator within 60 days after the date of your leave. Coverage under the Plan will become effective as of the date of your leave and will continue for the lesser of (a) 24 months (beginning on the date your absence begins); or (b) the period of time beginning on the date your absence begins and ending on the day after the date you return to employment with the Plan Sponsor or Participating Employer or fail to apply for or return to employment with the Employer within the time limit applicable under USERRA.

If your leave is 31 days or more, you will be required to pay up to 102% of the full cost of your coverage under the Plan. If your leave is 30 days or less, you will not be required to pay more than the amount (if any) you would have paid had you remained an active Employee of the Plan Sponsor or Participating Employer. The Plan Sponsor or your Participating Employer will notify you of the procedures for making payments under this Plan.

Continuation coverage provided under USERRA counts towards the maximum continuation coverage period that applies under the Plan.

An Employee returning from USERRA-covered military leave who participated in the Plan immediately before going on USERRA leave has the right to resume coverage under the Plan upon return from USERRA leave, as long as the Employee resumes employment within the time limit that applies under USERRA.

Hospital stays in connection with childbirth for either the mother or newborn may not be limited to less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. These requirements can only be waived by the attending Physician in consultation with the mother. The Covered Person or provider is not required to precertify the maternity admission, unless the stay extends past the applicable 48 or 96 hour stay. Coverage for prenatal care is limited to pregnancy-related Physician office visits including the initial and subsequent history and physical exams of the pregnant woman. In the event a provider bills a “maternity global rate”, the portion of the claim that will be considered for prenatal visits and therefore, preventive care, is 40% of the “maternity global rate”. As a result, 60% of the “maternity global rate” will be considered for delivery and postnatal care and the normal cost-sharing provisions would apply. Items not considered preventive (and therefore subject to normal cost-sharing provisions) include inpatient admissions, high risk specialist units, ultrasounds, amniocentesis, fetal stress tests, delivery including anesthesia and certain pregnancy diagnostic lab tests.

- (b) Routine Care

Routine care including, but not limited to, the office visit, lab tests, x-rays, routine testing, vaccinations or inoculations, well child care, pap smears, mammograms, colon exams and annual PSA testing, regardless of whether or not the care would also qualify as a preventive service. If a

diagnosis is indicated after a routine exam, the exam will still be payable under the routine care benefit, however, all charges related to the diagnosis (except the initial exam) will be payable as any other illness.

## CIGNA LIFESOURCE PROGRAM

The Institute of Excellence (IOE) is a facility that contracted with CIGNA to furnish particular services and supplies to you in connection with one or more highly specialized medical procedures. The maximum charge made by the IOE for such services and supplies will be the amount agreed to between CIGNA and the IOE.

### LifeSource Transplant Network

All Covered Persons have access to LifeSource Transplant Network, which provides a national network of over 800 credentialed transplant programs for organ or bone marrow/stem cell transplants. These programs have met or exceeded the national standards for performance and quality, and each has been classified as a Program of Excellence. Additional benefits include:

- An assigned transplant case manager who will provide guidance before, during and after the transplant
- Access to over 165 in-network facilities which have transplant programs credentialed as a Program of Excellence
- Covered travel benefits including transportation and lodging for the transplant recipient and a companion or caregiver

A Covered Person that has been identified as a potential transplant recipient will be sent an introductory letter and other information from an assigned Cigna LifeSOURCE transplant case manager. A Covered Person can also contact 800-668-9682 to initiate services. Additional information can be found at <https://cignalifesource.com/transplant-network/index.html>

### Transplant Expenses

Once it has been determined that you or one of your eligible Dependents may require an organ transplant, you or your Physician should call the Medical Management Program Administrator to discuss coordination of your transplant care. CIGNA will coordinate all transplant services. In addition, you must follow any precertification requirements. Organ means solid organ; stem cell; bone marrow and tissue.

Benefits may vary if an IOE facility or a non-IOE facility is used. In addition, some expenses listed below are payable only within the IOE network. The IOE facility must be specifically approved and designated by CIGNA to perform the procedure you require. A transplant will be covered at the Participating Provider level only if performed in a facility that has been designated as an IOE facility or that is a CIGNA Participating Provider facility that has a single case rate agreement between a CIGNA Participating Provider and CIGNA for the type of transplant in question. Any treatment or service related to transplants that are provided by a facility that is not specified as an IOE network facility or that is not a CIGNA Participating Provider facility that has a single case rate agreement between a CIGNA Participating Provider and CIGNA, even if the facility is considered a Participating Provider for other types of services, will be covered at the Non-Participating Provider level. Please read each section below carefully.

### Variable Copay Program

The Plan has adopted the Southern Scripts Variable Copay™ Program to help Covered Persons who utilize manufacturer Copay programs save money on Prescription Drugs. Under the Variable Copay™ Program, your Out-of-Pocket cost for Prescription Drugs may be reduced or eliminated by a drug manufacturer's Copay subsidy. If you are eligible to receive a manufacturer Copay subsidy for a drug, your Copay obligation for that drug will be the maximum manufacturer Copay subsidy for that drug. **Note: Any manufacturer Copay subsidy obtained under the Variable Copay™ Program will not accumulate toward your Deductible or Out-of-Pocket costs.** If you are not eligible to receive a manufacturer Copay subsidy, your Copay obligation will be the Copay amount listed for the drug in the standard formulary under the plan. **Note: if you are eligible for a manufacturer Copay subsidy for a drug but fail to obtain the subsidy, your Copay obligation – and the Out-of-Pocket cost you may be required to pay – will be the maximum manufacturer Copay subsidy for that drug.** A detailed schedule of subsidies available through manufacturer Copay programs under the Variable Copay™ Program is available at [www.southernscripts.net](http://www.southernscripts.net) or may be accessed free of charge by contacting (800) 710-9341.

### Manufacturer Free Drug Initiative

The Plan offers voluntary enrollment in the Manufacturer Free Drug Initiative to help Covered Persons save money on Prescription Drugs. If you choose to enroll and receive a drug at no cost through a manufacturer free drug program, that drug will not be covered under the Plan and you will have no cost sharing obligation to the Plan for that drug.

## **Dispense as Written**

The Plan requires pharmacies dispense Generic Drugs when available unless the Physician specifically prescribes a Formulary or Non-Formulary Drug and marks the script “Dispense as Written” (DAW). Should a Covered Person choose a Formulary or Non-Formulary Drug rather than the Generic equivalent when the Physician allowed a Generic Drug to be dispensed, the Covered Person will be responsible for the cost difference between the Generic and Formulary or Non-Formulary Drug in addition to the Formulary or Non-Formulary Drug Copay. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

**Formulary Drug:** A list of Brand Name drugs that has been developed by a Pharmacy and Therapeutics Committee comprised of Physicians, Pharmacists and other health care professionals. The list of Brand Name drugs is subject to periodic review and modification based on a variety of factors such as, but not limited to, Generic Drug availability, Food and Drug Administration (FDA) changes, and clinical information. The Prescription Drug Card Program Manager will have a list of Formulary Drugs available.

**Generic Drug:** A Prescription Drug which has the equivalency of the Brand Name Drug with the same use and metabolic disintegration. This Plan will consider as a Generic Drug any Food and Drug Administration approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

**Non-Formulary Drug:** Any Brand Name drugs that do not appear on the list of Formulary Drugs.

**Prescription Drug:** Any of the following: (a) a Food and Drug Administration-approved drug or medicine, which, under federal law, is required to bear the legend, “Caution: federal law prohibits dispensing without prescription”; (b) injectable insulin; or (c) hypodermic needles or syringes, but only when dispensed upon a written prescription of a licensed Physician. Such drug must be Medically Necessary in the treatment of an Illness or Injury.

**Preventive Drug** means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

<https://www.healthcare.gov/what-are-my-preventive-care-benefits>

For a paper copy, please contact the Plan Administrator.

**Specialty Pharmacy Program:** Specialty drugs are high cost drugs used to treat chronic diseases, including, but not limited to: HIV/Aids, Rheumatoid Arthritis, Cancer, Hepatitis, Hemophilia, Multiple Sclerosis, Infertility and Growth Hormone Deficiency. Specialty drugs must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Manager.

NOTE: This Plan does not provide coverage for preventive contraceptive or contraceptive devices.

## CLAIM PROCEDURES

You will receive an Employee identification card which will contain important information, including claim filing directions and contact information. The Employee identification card will show your Participating Provider Network and the Medical Management Administrator.

At the time you receive treatment, show the Employee identification card to your provider of service. In most cases, your provider will file your claim for you. You may file the claim yourself by submitting the required information to:

Bywater  
c/o CWIBenefits LLC  
P.O. Box 6125  
Greenville, SC 29606

Most claims under the Plan will be “post service claims.” A “post service claim” is a claim for a benefit under the Plan after the services have been rendered. Post service claims must include the following information in order to be considered filed with the Plan:

- (1) The date of service;
- (2) The name, address, telephone number and tax identification number of the provider of the services or supplies;
- (3) The place where the services were rendered;
- (4) The diagnosis and procedure codes;
- (5) The amount of charges (including Network repricing information);
- (6) The name of the Plan;
- (7) The name of the covered Employee; and
- (8) The name of the patient.

A call from a provider who wants to know if an individual is covered under the Plan or if a certain procedure or treatment is a Covered Expense before the treatment is rendered, is not a “claim” since an actual written claim for benefits is not being filed with the Plan. Likewise, presentation of a prescription to a pharmacy does not constitute a claim.

### **Timely Filing**

All claims must be filed with the Medical Claims Administrator within 12 months following the date services were Incurred. Claims filed after this time period will be denied.

### **Procedures for all Claims**

The Plan's claim procedures are intended to reflect the Department of Labor's claims procedures regulations and should be interpreted accordingly. In the event of any conflict between this Plan and those Regulations, those

Regulations will control. In addition, any changes in those Regulations shall be deemed to amend this Plan automatically, effective as of the date of those changes.

To receive benefits under the Plan, the claimant (i.e. you and your covered Dependents) must follow the procedures outlined in this section. There are 4 different types of claims: (1) Urgent Care Claims; (2) Concurrent Care Claims; (3) Pre-Service Claims; and (4) Post-Service Claims. The procedures for each type of claim are more fully described below:

- (1) **Urgent Care Claims.** If your claim is considered an urgent care claim, the Medical Claims Administrator will notify you of the Plan's benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the Plan receives the claim, unless you fail to provide sufficient information to determine whether or to what extent, benefits are covered or payable under the Plan. If you fail to provide sufficient information for the Plan to decide your claim, the Medical Claims Administrator will notify you as soon as possible, but not later than 24 hours after the Plan receives the claim, of the specific information necessary to complete the claim. The notification may be oral unless written notification is requested by you. You will be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. The Medical Claims Administrator will notify you of the Plan's determination as soon as possible, but in no case later than 48 hours after the earlier of (1) the Plan's receipt of the specified additional information or (2) the end of the period afforded the claimant to provide the specified additional information.

A claim for benefits is considered an urgent care claim if the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that could not be adequately managed without the care or treatment which is the subject of the claim. In determining if the initial claim for benefits should be treated as an urgent care claim, the Plan will defer to a determination, if any, by an attending provider that the claim should be treated as an urgent care claim, if that determination is timely provided to the Plan.

- (2) **Concurrent Care Claims.** If the Plan has approved an ongoing course of health care treatment to be provided over a period of time or number of treatments, any reduction or termination by the Plan of the previously approved course of treatment (other than by Plan amendment or termination) before the approved time period or number of treatments constitutes an adverse determination. In such a case, the Medical Claims Administrator will notify you of the adverse determination at a time sufficiently in advance of the reduction or termination to allow you, the claimant, to appeal and obtain a determination on review of that adverse determination before reduction or termination of the benefit.

Any request by you to extend a previously approved course of urgent care treatment beyond the approved period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies and the Medical Claims Administrator will notify you of the benefit determination, whether adverse or not, within 24 hours after the Plan receives the claim provided that any such claim is made to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

- (3) **Pre-Service Claims.** For a pre-service claim, the Medical Claims Administrator will notify you of the Plan's benefit determination (whether adverse or not) within a reasonable period of time

appropriate to the medical circumstances, but not later than 15 days after the Plan receives the claim. If, due to matters beyond the control of the Plan, the Medical Claims Administrator needs additional time to process a claim, the Medical Claims Administrator may extend the time to notify you of the Plan's benefit determination for up to 15 days provided that the Medical Claims Administrator notifies you within 15 days after the Plan receives the claim, of those special circumstances and of when the Medical Claims Administrator expects to make its decision. However, if such an extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension must specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a pre-service claim if the claim requires approval, in part or in whole, in advance of obtaining the health care in question.

- (4) **Post-Service Claims.** For a post-service claim, the Medical Claims Administrator will notify you of the Plan's adverse determination within a reasonable period of time, but not later than 30 days after receipt of the claim. If, due to special circumstances, the Medical Claims Administrator needs additional time to process a claim, the Medical Claims Administrator may extend the time for notifying you of the Plan's benefit determination on a one-time basis for up to 15 days provided that the Medical Claims Administrator notifies you within 30 days after the Plan receives the claim, of those special circumstances and of the date by which the reviewer expects to make a decision. However, if such a decision is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a post-service claim if it is a request for payment for services or other benefits that you have already received (or any other claim for health benefits that is not a pre-service claim or an urgent care claim).

### **Manner and Content of Notice of Initial Adverse Determination**

If the Medical Claims Administrator denies a claim, it must provide to you in writing or by electronic communication:

- (1) An explanation of the specific reasons for the denial;
- (2) A reference to the Plan provision or insurance contract provision upon which the denial is based;
- (3) A description of any additional information or material that you must provide in order to perfect the claim;
- (4) An explanation of why the additional material or information is necessary;
- (5) Notice that you have the right to request a review of the claim denial and information on the steps to be taken if you wish to request a review of the claim denial along with the time limits applicable to a request for review;
- (6) A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action for judicial review;

- (7) A copy of any rule, guideline, protocol or other similar criterion relied upon in making the adverse determination (or a statement that the same will be provided upon your request and without charge); and
- (8) If the adverse determination is based on the Plan's Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment applying the exclusion or limit to your medical circumstances or (b) a statement that the same will be provided upon your request and without charge.

Any notice of adverse determination also will include the following information:

- (1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
- (2) As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
- (3) A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- (4) Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

For an adverse determination concerning an urgent care claim, the information described in this Section may be provided to you orally within the permitted time frame provided that a written or electronic notification in accordance with this section is furnished to you no later than 3 days after the oral notification.

### **Internal Review of Initial Adverse Benefit Determination**

If you submit a claim for Plan benefits and it is initially denied under the procedures described above, you may request a review of that denial under the procedures described below.

You have 180 days after you receive notice of an initial adverse determination within which to request a review of the adverse determination. For a request for a second level appeal, you have 60 days after you receive notice of an adverse determination at the first level of appeal to request a second level appeal of the adverse determination.

If you request a review of an adverse determination within the applicable time period, the review will meet the following requirements:

- (1) The Plan will provide a review that does not afford deference to the adverse determination that is being appealed and that is conducted by an appropriate named fiduciary of the Plan who did not make the adverse determination that is the subject of the appeal and who is not a subordinate of the individual who made that adverse determination.

- (2) The appropriate named fiduciary of the Plan will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment before making a decision on review of any adverse determination based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is Experimental and/or Investigational or not Medically Necessary or appropriate. The professional engaged for purposes of a consultation in the preceding sentence will be an individual who is neither an individual who was consulted in connection with the adverse determination that is the subject of the appeal, nor a subordinate of any such individual.
- (3) The Plan will identify any medical or vocational experts whose advice is obtained on behalf of the Plan in connection with the Plan's review of an adverse determination, without regard to whether the advice is relied upon in making the adverse determination on review.
- (4) For a requested review of an adverse determination involving an urgent care claim, the review process will meet the expedited deadlines described below. Your request for such an expedited review may be submitted orally or in writing and all necessary information, including the Plan's determination on review, will be transmitted between the Plan and you by telephone, facsimile or other available similarly expeditious method.
- (5) The reviewer will afford you an opportunity to review and receive, without charge, all relevant documents, information and records relating to the claim and to submit issues and comments relating to the claim in writing to the Plan. The reviewer will take into account all comments, documents, records and other information submitted by the claimant relating to the claim regardless of whether the information was submitted or considered in the initial benefit determination.
- (6) You will be provided, free of charge, any new or additional evidence or rationale considered, relied upon or generated by the Plan in connection with the claim. Such evidence or rationale will be provided as soon as possible and sufficiently in advance of the Plan's deadline for providing notice of its determination on review to give you a reasonable opportunity to respond prior to such determination.
- (7) The Plan will ensure that all claims are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decisions.
- (8) The Plan will provide you with continued coverage pending the outcome of an internal appeal.

All requests for review of initial adverse benefit determinations (including all relevant information) must be submitted to the following address:

Bywater  
c/o CWIBenefits LLC  
P.O. Box 6125  
Greenville, SC 29606

For each level of appeal, the reviewer will notify you of the Plan's determination on review as soon as possible, taking into account the medical exigencies, but not later than 36 hours after the Plan receives your

request for review of the initial adverse determination (or of the first-level appeal adverse determination).

- (2) **Pre-Service Claims.** The Plan provides for 2 levels of appeal for a pre-service claim. - (3) **Post-Service Claims.** The Plan provides for 2 levels of appeal for a post-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 30 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

### **Manner and Content of Notice of Decision on Internal Review of Initial Adverse Benefit Determinations**

Upon completion of its review of an initial adverse determination (or a first-level appeal adverse determination), the reviewer will give you, in writing or by electronic notification, a notice of its benefit determination. For an adverse determination, the notice will include:

- (1) A description of the Plan's decision;
- (2) The specific reasons for the decision;
- (3) The relevant Plan provisions or insurance contract provisions on which its decision is based;
- (4) A statement that you are entitled to receive, upon request and without charge, reasonable access to and copies of, all documents, records and other information in the Plan's files which is relevant to your claim for benefits;

- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

### **Calculation of Time Periods**

For purposes of the time periods described in the Plan's claim procedures, the period of time during which a benefit determination is required to be made begins at the time a claim (or a request for review of an adverse benefit determination) is filed in accordance with the Plan procedures without regard to whether all the information necessary to make a decision accompanies the request. If a period of time is extended due to your failure to submit all information necessary for a claim for non-urgent care benefits, the period for making the determination is "frozen" from the date the notification requesting the additional information is sent to you until the date you respond or, if earlier, until 45 days from the date you receive (or were reasonably expected to receive) the notice requesting additional information.

### **Adverse Determination**

For purposes of the Plan's claim procedures, an "adverse determination" is a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the Plan and including a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental and/or Investigational or not Medically Necessary or appropriate. Adverse determination also includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at the time of rescission.

### **Plan's Failure to Follow Procedures**

If the Plan fails to follow the claim procedures described above, you will be deemed to have exhausted the Plan internal claim procedures and you will be entitled to pursue any available remedy (including any available external review process) under state or federal law on the basis that the Plan has failed to provide a reasonable claims procedure that would yield a decision on the merits of the claim.

However, the Plan will not be treated as failing to follow its claim procedures and you will not be deemed to have exhausted the Plan's administrative remedies merely because of a failure by the Plan that would be considered (based on applicable regulations) a "*de minimis* violation" that does not cause and is not likely to cause prejudice or harm to you as long as the Plan can demonstrate that the violation was for good cause or due to matters beyond the control of the Plan and that the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and you. You may request a written explanation of any violation by the Plan of these procedures. If you request such an explanation, the Plan will provide it within 10 days and, if applicable, the explanation will include a specific description of the Plan's reasons for asserting that the violation does not cause the Plan's internal claim procedures to be exhausted. If a court or external review rejects your request for an immediate review (based on a claim that you should be deemed to have exhausted the Plan's internal claim

procedures), because the court or external reviewer determines that the "*de minimis* violation" exception applies, the Plan will provide to you a notice of your right to resubmit your internal appeal with a reasonable time (no longer than 10 days) after the court or external reviewer makes such a determination. Any applicable time limit for you to re-file your claim will begin to run when you receive that notice from the Plan.

### **External Review of Adverse Benefit Determinations**

If you have exhausted the Plan's internal appeal process (or if you are eligible to request an external review for any other reason under the above procedures), you may request an external review of the Plan's final adverse determination for certain health benefit claims.

The Plan will provide for an external review process in accordance with applicable state law (if any). If no external review process exists under applicable state law or if the state law external review process does not meet certain minimum standards of the NAIC Uniform Health Carrier External Review Model Act (or the temporary "NAIC-similar" standards described in Department of Labor Technical Release 2011-02), the Plan will provide for an external review process that meets federal law requirements. Governmental plans that are not eligible to participate in a qualifying state process must elect to participate in a federal process administered by HHS or in the federal external review process that applies to ERISA-governed, self-funded Plans. If the Plan elects to participate in the federal external review process that applies to an ERISA self-funded plan, the external review procedures described below will apply.

Note that the federal external review process (including the expedited external review process described later in these procedures) is not available for review of all internal adverse determinations. Specifically, federal external review is not available for review of an internal adverse determination that is based on a determination that a claimant fails to meet the eligibility requirements under the terms of the Plan. Also, the federal external review process is available only for:

- (1) An adverse determination that involves medical judgment (including, but not limited to determinations based on the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the Plan's determination that a treatment is Experimental or Investigational), as determined by the external reviewer; and
- (2) A rescission of coverage.

For any adverse determination for which external review is available, the federal external review requirements are as follows:

- (1) You have 4 months following the date you receive notice of the Plan's final internal adverse determination within which to request an external review. The request for an external review must be submitted to the following address:

Bywater  
c/o CWIBenefits LLC  
P.O. Box 6125  
Greenville, SC 29606

- (2) Within 5 business days following the date the Plan receives your external review request the Plan will complete a preliminary review. The Plan will notify you in writing within one business day after it completes the preliminary review whether the claim is eligible for the external review process:

- (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will provide contact information for the U.S. Department of Health and Human Services Health Insurance Assistance Team (HIAT).
  - (b) If the request is not complete, the notice will describe information or materials needed to make the request complete. If the request is not complete and additional information or materials are needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (3) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) (as soon as administratively feasible) to make a determination on the request for external review. Within 5 business days following assignment of the IRO, the Plan will forward to the IRO all information and materials relevant to the final internal adverse determination.
- (4) The assigned IRO will notify you in writing (within a reasonable period of time) of the request's eligibility and acceptance for external review. The notice will include a statement regarding your right to submit any additional information, within 10 business days from the date of receipt of the notice, for the IRO to consider as part of the external review process. Any such additional information received by the IRO will be forwarded on and shared with the Plan. The Plan, based upon any new information received, may reconsider its final internal adverse determination. Reconsideration by the Plan will not delay the external review process. If the Plan does not reconsider its final internal adverse benefits determination, the IRO will continue to proceed with the external review process.
- (5) Within 45 days after the IRO receives the external review request from the Plan, the IRO must provide written notice of its external review determination to you and the Plan. The IRO's notice is required to contain the following:
- (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
  - (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
  - (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
  - (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
  - (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health plan or to you;
  - (f) A statement that judicial review may be available to you; and

- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

### **Expedited External Review**

You may request an expedited external review if you have received:

- (1) An initial internal adverse determination if the adverse determination involves a medical condition for which the time frame for completion of an expedited internal appeal under the Plan's internal claim procedures would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (2) A final internal adverse determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function or if the final internal adverse determination concerns an admission, availability of care, continued stay or health care item or service for which you received Emergency Services but have not been discharged from a facility.

The following requirements apply to an expedited external review:

- (1) Immediately following the date the Plan receives the external review request the Plan will complete a preliminary review. The Plan will notify you in writing immediately after completion of the preliminary review whether the request is eligible for the external review process.
  - (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will include contact information for the Employee Benefits Security Administration.
  - (b) If the request is not complete, the notice will describe any information or materials needed to make the request complete. If the request is not complete and additional information or materials is needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (2) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) to make a determination on the request for external review. The Plan will promptly forward to the IRO, by any available expeditious method (e.g. telephone, facsimile, etc.), all information and materials relevant to the final internal adverse determination.
- (3) The IRO must provide notice to the claimant and the Plan (either in writing or orally) as expeditiously as the claimant's medical condition or circumstance require and no later than 72 hours after it receives the expedited external review request from the Plan. If notice is not provided in writing, the IRO must provide written notice to you and the Plan as confirmation of the decision within 48 hours after the date of the notice. The IRO's notice is required to contain the following information:

- (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
- (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
- (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
- (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
- (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health plan or to you;
- (f) A statement that judicial review may be available to you; and
- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

### **Effect of External Review Determination**

A determination on external review is binding on the Plan and the claimant, except to the extent that other remedies are available under applicable state or federal law. However, a decision by the external reviewer does not preclude the Plan from making payment or providing benefits on a claim at any time, including after a decision that denies the claim. When an external review decision requires the Plan to provide benefits or payment on a claim, the Plan will provide benefits or payment pursuant to the decision without unreasonable delay regardless of whether the Plan intends to seek judicial review of the decision, unless and until there is a judicial decision that provides otherwise.

### **State Insurance Laws**

Nothing in the Plan's claims procedures will be construed to supersede any provision of any applicable state law.

### **Statute of Limitations for Plan Claims**

Please note that no legal action may be commenced or maintained to recover benefits under the Plan more than 12 months after the final review/appeal decision has been rendered (or deemed rendered).

### **Appointment of Authorized Representative**

A Covered Person is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Covered Person to a provider will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the Covered Person must complete a form which can be obtained from the Plan Administrator or the Medical Claims Administrator. However, in connection with a claim involving urgent care, the Plan will permit a health care professional with knowledge of the Covered Person's medical condition to act as the Covered Person's authorized representative without completion of this form. In the event a Covered Person designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Covered Person, unless the Covered Person directs the Plan Administrator, in writing, to the contrary.

## **Physical Examinations**

The Plan reserves the right to have a Physician of its own choosing examine any Covered Person whose Illness or Injury is the basis of a claim. All such examinations will be at the expense of the Plan. This right may be exercised when and as often as the Plan Administrator may reasonably require during the pendency of a claim. The Covered Person must comply with this requirement as a necessary condition for coverage.

## COORDINATION OF BENEFITS

### Benefits Subject to This Provision

This provision applies to all benefits provided under any section of this Plan.

### Excess Insurance

If at the time of injury, sickness, disease or disability there is available or potentially available, any coverage (including, but not limited to, coverage resulting from a judgment at law or settlements), the benefits under the Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible:

- (1) Any primary payer besides the Plan;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
- (3) Any policy of insurance from any insurance company or guarantor of a third-party;
- (4) Worker's Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments (other than school insurance coverage).

### Vehicle Limitation

When medical payments are available (or, under applicable law should be available) under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification. If medical payments would have been available under a vehicle insurance policy if minimum legally required levels of coverage had been in effect, but the minimum level of coverage was not in effect, the Plan shall pay excess benefits only, determined as if the minimum legally required level of coverage had been in effect at the applicable time.

### Allowable Expenses

"Allowable expenses" shall mean any Medically Necessary, Usual and Customary item of expense, at least a portion of which is covered under this Plan. When some Other Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered in the amount that would be payable in accordance with the terms of the Plan shall be deemed to be the benefit.

In the case of HMO (Health Maintenance Organization) plans, this Plan will not consider any charges in excess of what an HMO provider has agreed to accept as payment in full. Further, when an HMO is primary and the Covered Person does not use an HMO provider, this Plan will not consider as allowable expenses any charge that would have been covered by the HMO had the Covered Person used the services of an HMO provider.

## **Other Plan**

“Other Plan” means any of the following plans, other than this Plan, providing benefits or services for medical or dental care or treatment:

- (1) Group, blanket or franchise insurance coverage;
- (2) Any group Hospital service prepayment, group medical or dental service prepayment, group practice or other group prepayment coverage;
- (3) Any coverage under labor-management trusted plans, union welfare plans, employer organization plans, school insurance or employee benefit organization plans;
- (4) Coverage under Medicare and any other governmental program that the Covered Person is liable for payment, except state-sponsored medical assistance programs and TRICARE, in which case this Plan pays primary;
- (5) Coverage under any Health Maintenance Organization (HMO); or
- (6) Any mandatory automobile insurance (such as no-fault) providing benefits under a medical expense reimbursement provision for health care services because of Injuries arising out of a motor vehicle accident and any other medical and liability benefits received under any automobile policy.

## **Application to Benefit Determinations**

The plan that pays first according to the rules in the section entitled “Order of Benefit Determination” will pay as if there were no other plan involved. When this Plan is secondary, this Plan will always pay either its benefits in full or a reduced amount which, when added to the benefits payable by the other plan or plans, will not exceed 100% of allowable expenses. When there is a conflict in the order of benefit determination, this Plan will never pay more than 50% of allowable expenses.

## **Order of Benefit Determination**

For the purposes of the section entitled “Application to Benefit Determinations,” the rules establishing the order of benefit determination are listed below. The Plan will consider these rules in the order in which they are listed and will apply the first rule that satisfies the circumstances of the claim:

- (1) A plan without a coordinating provision will always be the primary plan;
- (2) The plan covering the person directly rather than as an employee’s dependent is primary and the other plans are secondary.
- (3) Active/laid-off or Retirees: The plan which covers a person as an active employee (or as that employee’s dependent) determines its benefits before the Plan which covers a person as a laid-off or retired employee (or as that employee’s dependent). If the Plan which covers that person has not adopted this rule and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply.
- (4) Dependent children of parents not separated or divorced or unmarried parents living together: The plan covering the parent whose birthday falls earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. However, if the other plan does not have

this rule but instead has a rule based upon the gender of the parent and if as a result the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

When Medicare is the primary payor, the Plan will pay secondary to the extent the benefit is a Covered Expense under the Plan (meaning that the Plan will base its payment upon benefits allowable by Medicare).

In accordance with federal law, the following rules apply in determining whether Medicare or Plan coverage is primary health care coverage:

- (1) **The Working Aged Rule:** Medicare benefits are secondary to benefits payable under the Plan for individuals entitled to Medicare due to being age 65 or over and who have Plan coverage as a result of his or her current employment status (or the current employment status of a Spouse) if they are employed by an employer with 20 or more employees. In all other cases, benefits under the Plan are secondary to Medicare benefits. When you or your Spouse become eligible for Medicare due to the attainment of age 65, you or your Spouse may still be eligible for benefits provided under the Plan based on your current employment status.

If, as a result, you have or your Spouse has primary coverage under the Plan, the Plan will pay the portion of your incurred expenses that are normally covered by the Plan. All or part of the remaining amount, if any, may be paid by Medicare if the expenses are covered expenses under Medicare and the portion of the expenses covered by Medicare exceeds the portion covered by the Plan. If the expenses are not covered by the Plan but are Medicare-covered expenses, then Medicare will process its payment of the expenses as if you do not have Plan coverage.

- (2) **The Working Disabled Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals under age 65 entitled to Medicare on the basis of disability (other than end-stage renal disease) and who are covered under the Plan as a result of current employment status with an employer. That is, if you or your dependents are covered by the Plan based on your current employment status, Medicare benefits are secondary for you or your covered Dependents entitled to Medicare on the basis of disability (other than end-stage renal disease). In this case the Plan is primary.

- (3) **End-Stage Renal Disease Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals eligible for or entitled to Medicare benefits on the basis of end-stage renal disease (“ESRD”), for a period not to exceed 30 months generally beginning the first day of the month of eligibility or entitlement to Medicare due to ESRD. (Special rules apply if you were entitled to Medicare based on age or disability prior to becoming eligible for Medicare due to ESRD.) Because an ESRD patient can have up to a three-month wait to obtain Medicare coverage, the Plan’s primary payment responsibility may vary up to three months. If the basis of your entitlement to Medicare changes from ESRD to age or disability, the Plan’s primary payment responsibility may terminate on the month before the month in which the change is effective and the rules set forth above, if applicable, will apply. Your Employer can provide you with more detailed information on how this rule works.

### **Coordination of Benefits with TRICARE**

The Plan at all times will be operated in accordance with any applicable TRICARE secondary payer and non-discrimination rules issued by the Department of Defense.

## **SUBROGATION, THIRD-PARTY RECOVERY AND REIMBURSEMENT**

### **Payment Condition**

- (1) The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Illness, disease or disability is caused in whole or in part by, or results from the acts or omissions of you and/or your Dependents, plan beneficiaries and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as “Covered Person”) or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other insurance or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively “Coverage”).
- (2) The Covered Person, his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan’s conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan’s conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan’s assignee. By accepting benefits the Covered Person agrees the Plan shall have an equitable lien on any funds received by the Covered Person and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Covered Person agrees to include the Plan’s name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Covered Person understands that any recovery obtained pursuant to this section is an asset of the Plan to the extent of the amount of benefits paid by the Plan and that the Covered Person shall be a trustee over those Plan assets.
- (3) In the event a Covered Person settles, recovers or is reimbursed by any Coverage, the Covered Person agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Covered Person. If the Covered Person fails to reimburse the Plan out of any judgment or settlement received, the Covered Person will be responsible for any and all expenses (fees and costs) associated with the Plan’s attempt to recover such money.
- (4) If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Covered Person is/are only one or a few, that unallocated settlement fund is considered designated as an “identifiable” fund from which the Plan may seek reimbursement.

### **Subrogation**

- (1) As a condition to participating in and receiving benefits under this Plan, the Covered Person agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation or entity and to any Coverage to which the Covered Person is entitled, regardless of how classified or characterized, at the Plan’s discretion, if the Covered Person fails to so pursue such rights or action.
- (2) If a Covered Person receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Covered Person may have against any Coverage and/or party causing the Illness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection. The Covered Person is obligated to notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Covered Person is also obligated to hold any and all funds so received in trust on the Plan’s behalf and

function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.

- (3) The Plan may, at its discretion, in its own name or in the name of the Covered Person, commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.
- (4) The Covered Person authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Covered Persons and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims if the Covered Person fails to file a claim or pursue damages against:
  - (a) The responsible party, its insurer or any other source on behalf of that party;
  - (b) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
  - (c) Any policy of insurance from any insurance company or guarantor of a third party;
  - (d) Workers' Compensation or other liability insurance company; or
  - (e) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

The Covered Person assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

### **Right of Reimbursement**

- (1) The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Covered Person is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Plan's equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Covered Persons' recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved. Any funds received by the Covered Person are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Covered Person's obligation to reimburse the Plan has been satisfied in accordance with these provisions. The Covered Person is also obligated to hold any and all funds so received in trust on the Plan's behalf and function as a trustee as it applies to those funds until the Plan's rights described herein are honored and the Plan is reimbursed.
- (2) No court costs, experts' fees, attorneys' fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan's recovery without the prior, express written consent of the Plan.
- (3) The Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Covered Person, whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan's recovery will not be applicable to the Plan and will not reduce the Plan's reimbursement rights.

- (4) These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Covered Person.
- (5) This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Illness, Injury, Disease or disability.

### **Covered Person is a Trustee Over Plan Assets**

- (1) Any Covered Person who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Plan assets and is therefore deemed a trustee of the Plan solely as it relates to possession of any funds which may be owed to the Plan as a result of any settlement, judgment or recovery through any other means arising from any Injury or Accident. By virtue of this status, the Covered Person understands that he/she is required to:
  - (a) Notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds;
  - (b) Instruct his/her attorney to ensure that the Plan and/or its authorized representative is included as a payee on all settlement drafts;
  - (c) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement, judgment or other source of Coverage to include the Plan or its authorized representative as a payee on the settlement draft; and,
  - (d) Hold any and all funds so received in trust, on the Plan's behalf, and function as a trustee as it applies to those funds, until the Plan's rights described herein are honored and the Plan is reimbursed.
- (2) To the extent the Covered Person disputes this obligation to the Plan under this section, the Covered Person or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Plan's interests, and without reduction in consideration of attorneys' fees, for which he/she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved.
- (3) No Covered Person, beneficiary, or the agents or representatives thereof, exercising control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Plan's interest on the Plan's behalf.

### **Excess Insurance**

If at the time of Injury, Illness, disease or disability, there is available or potentially available any coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage, except as otherwise provided for under the Plan's "Coordination of Benefits" section.

The Plan's benefits shall be excess to any of the following:

- (1) The responsible party, its insurer or any other source on behalf of that party;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

- (3) Any policy of insurance from any insurance company or guarantor of a third party;
- (4) Workers' Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

### **Separation of Funds**

Benefits paid by the Plan, funds recovered by the Covered Person and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Covered Person, such that the death of the Covered Person or filing of bankruptcy by the Covered Person, will not affect the Plan's equitable lien, the funds over which the Plan has a lien or the Plan's right to subrogation and reimbursement.

### **Wrongful Death**

In the event that the Covered Person dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan's subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Covered Person(s) and all others that benefit from such payment.

### **Obligations**

- (1) It is the Covered Person's obligation at all times, both prior to and after payment of medical benefits by the Plan:
  - (a) To cooperate with the Plan or any representatives of the Plan, in protecting its rights, including discovery, attending depositions and cooperating in trial to preserve the Plan's rights;
  - (b) To provide the Plan with pertinent information regarding the Illness, disease, disability or Injury, including Accident reports, settlement information and any other requested additional information;
  - (c) To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
  - (d) To do nothing to prejudice the Plan's rights of subrogation and reimbursement;
  - (e) To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received;
  - (f) To notify the Plan or its authorized representative of any settlement prior to finalization of the settlement;
  - (g) To not settle or release, without the prior consent of the Plan, any claim to the extent that the Covered Person may have against any responsible party or coverage;
  - (h) To instruct his/her attorney to ensure that the Plan or its authorized representative is included as a payee on any settlement draft;
  - (i) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement to include the Plan or its authorized representative as a payee on the settlement draft; and

- (j) To make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Plan and Covered Person over settlement funds is resolved.
- (2) If the Covered Person and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Covered Person will be responsible for any and all expenses (whether fees or costs) associated with the Plan's attempt to recover such money from the Covered Person.
- (3) The Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Covered Persons' cooperation or adherence to these terms.

### **Offset**

If timely repayment is not made, or the Covered Person and/or his or her attorney fails to comply with any of the requirements of the Plan, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the Covered Person's amount owed to the Plan. To do this, the Plan may refuse payment of any future medical benefits and any funds or payments due under this Plan on behalf of the Covered Person in an amount equivalent to any outstanding amounts owed by the Covered Person to the Plan. This provision applies even if the Covered Person has disbursed settlement funds.

### **Minor Status**

- (1) In the event the Covered Person is a minor as that term is defined by applicable law, the minor's parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.
- (2) If the minor's parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor's parents or court-appointed guardian.

### **Language Interpretation**

The Plan Sponsor retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision and to administer the Plan's subrogation and reimbursement rights.

### **Severability**

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. **Usual and Customary Charge (U&C).** Only Usual and Customary Charges are covered expenses. When determining whether an expense is Usual and Customary, the Plan Administrator will take into consideration the fee(s) which the provider most frequently charges the majority of patients for the service or supply, and the prevailing range of fees charged in the same “area” by providers of similar training and experience for the service or supply. The term(s) “same geographic locale” and/or “area” shall be defined as a metropolitan area, county, or such greater area as is necessary to obtain a representative cross-section of providers, persons or organizations rendering such treatment, services, or supplies for which a specific charge is made. The Plan Administrator will determine what the Usual and Customary charge is, for any procedure, service, or supply, and has the discretionary authority to decide whether a specific procedure, service or supply is Usual and Customary.

Usual and Customary Charges may alternatively be determined and established by the Plan using normative data from Medicare for non-contracting providers. Other examples of normative data include average wholesale price (AWP) for prescriptions and/or manufacturer’s retail pricing (MRP) for supplies and devices

The Plan will pay benefits on the basis of the actual charge billed if it is less than the Usual and Reasonable Charge.

### **Assignment of Benefits**

No benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt to do so shall be void. No benefit under the Plan shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person.

Notwithstanding the foregoing, the Plan will honor any Qualified Medical Child Support Order (“QMCSO”) which provides for coverage under the Plan for an alternate recipient, in the manner described in the Plan’s QMCSO procedures.

### **Clerical Error**

Clerical errors made on the records of the Plan and delays in making entries on such records shall not invalidate coverage nor cause coverage to be in force or to continue in force. Rather, the effective dates of coverage shall be determined solely in accordance with the provisions of this Plan regardless of whether any contributions with respect to you and/or your Dependents have been made or have failed to be made because of such errors or delays. Upon discovery of any such error or delay, an equitable adjustment of any such contributions will be made.

### **Conformity with Applicable Laws**

This Plan shall be deemed automatically to be amended to conform as required by any applicable law, regulation or the order or judgment of a court of competent jurisdiction governing provisions of this Plan, including, but not limited to, stated maximums, exclusions or limitations. In the event that any law, regulation or the order or judgment of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be considered as being in accordance with the terms of Plan. It is intended that the Plan will conform to the requirements of any applicable federal or state law.

### **Cost of the Plan**

The Plan Sponsor is responsible for funding the Plan and will do so as required by law. To the extent permitted by law, the Plan Sponsor is free to determine the manner and means of funding the Plan, including, but not limited to, payment of Plan expenses from the Plan Sponsor and Participating Employers’ general assets. The amount of contribution (if any) for your coverage or coverage for your Dependents will be determined from time to time by the Plan Sponsor, in its sole discretion.

### **Interpretation of this Document**

The use of masculine pronouns in this Plan shall apply to persons of both sexes unless the context clearly indicates otherwise. The headings used in this Plan are used for convenience of reference only. You and your Dependents are advised not to rely on any provision because of the heading.

The use of the words, “you” and “your” throughout this Plan applies to eligible or covered Employees and, where appropriate in context, their covered Dependents.

### **Minimum Essential Coverage**

Refer to the Employer’s Summary of Benefits and Coverage (SBC) for determination as to whether the Plan provides “minimum essential coverage” within the meaning of Code Section 5000A(f) and any accompanying regulations or guidance and whether it provides “minimum value” within the meaning of Code Section

36B(c)(2)(C)(ii) and any accompanying regulations or guidance (e.g. the Plan provides at least 60% actuarial value).

### **No Contract of Employment**

This Plan and any amendments constitute the terms and provisions of coverage under this Plan. The Plan shall not be deemed to constitute a contract of any type between the Employer and any person or to be consideration for or an inducement or condition of, the employment of any Employee. Nothing in this Plan shall be deemed to give any Employee the right to be retained in the service of the Plan Sponsor or Participating Employer or to interfere with the right of the Plan Sponsor or Participating Employer to discharge any Employee at any time.

### **Release of Information**

For the purpose of determining the applicability of and implementing the terms of these benefits, the Plan Administrator may, without the consent of or notice to any person, release or obtain any information necessary to determine the acceptability of any applicant or person covered for benefits under this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action; however, the Plan Administrator at all times will comply with the applicable privacy standards. Any Covered Person claiming benefits under this Plan shall furnish to the Plan Administrator such information as may be necessary to implement this provision.

### **Worker's Compensation**

This Plan excludes coverage for any Injury or Illness that is eligible for coverage under any Workers' Compensation policy or law regardless of the date of onset of such Injury or Illness. However, if benefits are paid by the Plan and it is later determined that you received or are eligible to receive Workers' Compensation coverage for the same Injury or Illness, the Plan is entitled to full recovery for the benefits it has paid. This exclusion applies to past and future expenses for the Injury or Illness regardless of the amount or terms of any settlement you receive from Workers' Compensation. The Plan will exercise its right to recover against you. The Plan reserves its right to exercise its rights under this section and the section entitled "Recovery of Payment" even though:

- (1) The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- (2) No final determination is made that the Injury or Illness was sustained in the course of or resulted from your employment;
- (3) The amount of Workers' Compensation benefits due specifically to health care expense is not agreed upon or defined by you or the Workers' Compensation carrier; or
- (4) The health care expense is specifically excluded from the Workers' Compensation settlement or compromise.

You are required to notify the Plan Administrator immediately when you file a claim for coverage under Workers' Compensation if a claim for the same Injury or Illness is or has been filed with this Plan. Failure to do so or to reimburse the Plan for any expenses it has paid for which coverage is available through Workers' Compensation, will be considered a fraudulent claim and you will be subject to any and all remedies available to the Plan for recovery and disciplinary action.

## **HIPAA PRIVACY PRACTICES**

The following is a description of certain rules that apply to the Plan Sponsor regarding uses and disclosures of your health information.

### **Disclosure of Summary Health Information to the Plan Sponsor**

In accordance with HIPAA's standards for privacy of individually identifiable health information (the "privacy standards"), the Plan may disclose summary health information to the Plan Sponsor, if the Plan Sponsor requests the summary health information for the purpose of:

- (1) Obtaining premium bids from health plans for providing health insurance coverage under this Plan;  
or
- (2) Modifying, amending or terminating the Plan.

"Summary health information" is information, which may include individually identifiable health information, that summarizes the claims history, claims expenses or the type of claims experienced by individuals in the Plan, but that excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by 5-digit zip code.

### **Disclosure of Protected Health Information ("PHI") to the Plan Sponsor for Plan Administration Purposes**

Except as described under "Disclosure of Summary Health Information to the Plan Sponsor" above or under "Disclosure of Certain Enrollment Information to the Plan Sponsor" below or under the terms of an applicable individual authorization, the Plan may disclose PHI to the Plan Sponsor and may permit the disclosure of PHI by a health insurance issuer or HMO with respect to the Plan to the Plan Sponsor only if the Plan Sponsor requires the PHI to administer the Plan. The Plan Sponsor by formally adopting this Plan document certifies to the Plan that it agrees to:

- (1) Not use or further disclose PHI other than as permitted or required by the Plan or as required by law;
- (2) Ensure that any agents, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such PHI;
- (3) Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor;
- (4) Report to the Plan any PHI use or disclosure that is inconsistent with the uses or disclosures provided for of which the Plan Sponsor becomes aware;
- (5) Make available PHI in accordance with section 164.524 of the privacy standards;
- (6) Make available PHI for amendment and incorporate any amendments to PHI in accordance with section 164.526 of the privacy standards;
- (7) Make available the information required to provide an accounting of disclosures in accordance with section 164.528 of the privacy standards;

- (8) Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the U.S. Department of Health and Human Services (“HHS”), for purposes of determining compliance by the Plan with part 164, subpart E, of the privacy standards;
- (9) If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible; and
- (10) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in section 164.504(f)(2)(iii) of the privacy standards, is established as follows:
  - (a) The Plan Sponsor shall only allow certain named employees or classes of employees or other persons under control of the Plan Sponsor who have been designated to carry out plan administration functions, access to PHI. The Plan Sponsor will maintain a list of those persons and that list is incorporated into this document by this reference. The access to and use of PHI by any such individuals shall be restricted to plan administration functions that the Plan Sponsor performs for the Plan.
  - (b) The Plan Sponsor will promptly report to the Plan any use or disclosure of PHI in breach, violation of, or noncompliance with, the provisions of this Section of the Plan and will cooperate with the Plan to correct the breach, violation or noncompliance and will mitigate any deleterious effect of the breach, violation or noncompliance on any Individual covered under the Plan, the privacy of whose PHI may have been compromised by the breach, violation or noncompliance.
  - (c) In the event any of the individuals described in (a) above do not comply with the provisions of the Plan documents relating to use and disclosure of PHI, the Plan Administrator shall impose reasonable sanctions as necessary, in its discretion. Such sanctions shall be imposed progressively (for example, an oral warning, a written warning, time off without pay and termination), if appropriate and shall be imposed so that they are commensurate with the severity of the violation. Regardless of whether a person is disciplined or terminated pursuant to this section, the Plan reserves the right to direct that the Plan Sponsor, and upon receipt of such direction the Plan Sponsor shall, modify or revoke any person’s access to or use of PHI.

“Plan administration” activities are limited to activities that would meet the definition of payment or health care operations, but do not include functions to modify, amend or terminate the Plan or solicit bids from prospective issuers. “Plan administration” functions include quality assurance, claims processing, auditing, monitoring and management of carve-out plans, such as vision and dental. It does not include any employment-related functions or functions in connection with any other benefit or benefit plans.

The Plan shall disclose PHI to the Plan Sponsor only upon receipt of a certification by the Plan Sponsor that:

- (1) The Plan documents have been amended to incorporate the above provisions; and
- (2) The Plan Sponsor agrees to comply with such provisions.

## **Disclosure of Enrollment Information to the Plan Sponsor**

Pursuant to section 164.504(f)(1)(iii) of the privacy standards, the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has disenrolled from a health insurance issuer or health maintenance organization offered under the Plan.

## **Disclosure of PHI to Obtain Stop-loss or Excess Loss Coverage; Disclosures of Genetic Information**

Except as otherwise provided below, the Plan Sponsor hereby authorizes and directs the Plan, through the Plan Administrator or the Medical Claims Administrator, to disclose PHI to stop-loss carriers, excess loss carriers or managing general underwriters (“MGUs”) for underwriting and other purposes in order to obtain and maintain stop-loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the privacy standards.

The Plan will not use or disclose genetic information, including information about genetic testing and family medical history, for underwriting purposes. The Plan may use or disclose PHI for underwriting purposes, assuming the use or disclosure is otherwise permitted under the privacy standards and other applicable law, but any PHI that is used or disclosed for underwriting purposes will not include genetic information.

“Underwriting purposes” is defined for this purpose under federal law and generally includes any Plan rules relating to (1) eligibility for benefits under the Plan (including changes in deductibles or other cost-sharing requirements in return for activities such as completing a health risk assessment or participating in a wellness program); (2) the computation of premium or contribution amounts under the Plan (including discounts or payments or differences in premiums based on activities such as completing a health risk assessment or participating in a wellness program); and (3) other activities related to the creation, renewal, or replacement of a contract for health insurance or health benefits. However, “underwriting purposes” does not include rules relating to the determination of whether a particular expense or claim is medically appropriate.

## **HIPAA SECURITY PRACTICES**

### **Disclosure of Electronic Protected Health Information (“Electronic PHI”) to the Plan Sponsor for Plan Administration Functions**

In accordance with HIPAA’s standards for security (the “security standards”), to enable the Plan Sponsor to receive and use Electronic PHI for Plan administration functions (as defined in 45 CFR § 164.504(a)), the Plan Sponsor agrees to:

- (1) Implement and maintain administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan.
- (2) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures.

Any terms not otherwise defined in this section shall have the meanings set forth in the security standards.

In particular, the Plan Sponsor shall, at all times, comply with the HIPAA Breach Notification Rule that was enacted as a result of the HITECH Act. The Plan Sponsor has updated its policies and procedures to comply with the HIPAA Breach Notification Rule and HITECH Act.

The Plan Sponsor shall, at all times, comply with the regulations issued in the final omnibus rule (“Omnibus Rule”), including the statutory changes required by the HITECH Act and the Genetic Information Nondiscrimination Act of 2008 (“GINA”). With respect to GINA, the Plan shall not use or disclose genetic information for underwriting purposes. The Plan Sponsor has updated its policies and procedures to comply with the Omnibus Rule.
