ELIGIBILITY FOR DENTAL COVERAGE

B489.0002

Employee Coverage

Your eligibility for dental coverage under this *plan* is contingent upon your eligibility for vision coverage under this *plan*.

If you are covered for vision coverage under this *plan*, you are eligible for dental coverage under this *plan*.

If you are not covered under this group vision *plan*, you are not eligible to be covered under this *plan's* dental coverage.

Your dental coverage starts on the later of: (a) the effective date of this coverage; or (b) the date you become covered for vision benefits under this *plan*.

Your dental coverage ends on the earlier of: (a) the date this coverage ends; or (b) the date you are no longer covered for vision benefits under this group *plan*.

B489.0190

Employee Coverage

Eligible Employees To be eligible for *employee* coverage you must be an active *full-time employee* or a *qualified retiree*. And you must belong to a class of *employees* covered by this *plan*.

Other Conditions If you must pay all or part of the cost of *employee* coverage, we won't insure you until you enroll and agree to make the required payments. If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, we consider you to be a late entrant.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan*, and you now elect to enroll in the dental coverage under this *plan*, the Penalty for Late Entrants provision will not apply to you with regard to dental coverage provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan*; (c) divorce; (d) death of your spouse; or (e) termination of the other *plan*.

But you must enroll in the dental coverage under this *plan* within 30 days of the date that any of the events described above occur.

B489.0123

All Options

When Your Coverage Starts *Employee* benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis unless you are a *qualified retiree*, on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are an active *full-time employee* and are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

If you are a *qualified retiree*, you can not be confined in a health care facility on the scheduled effective date of coverage. If you are confined on that date, we will postpone your coverage until the day after you are discharged. And you must also have met all of the applicable conditions of eligibility and any applicable waiting period in order for coverage to start.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

B489.0067

All Options

When Your Coverage Ends If you are an active *full-time employee*, your coverage ends on the date your active *full-time* service ends for any reason, other than disability. Such reasons include death, retirement (except for *qualified retirees*), layoff, leave of absence and the end of employment.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan*, or when this *plan* ends for all *employees*. And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

Your Right To Continue Group Coverage During A Family Leave Of Absence

Important Notice This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

Your Right To Continue Group Coverage During A Family Leave Of Absence (Cont.)

If Your Group Coverage Would End Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition; or (d) because of any serious injury or illness arising out of the fact that a spouse, child, parent, or next of kin, who is a covered servicemember, of the *employee* is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation. The *employee* will be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 26 weeks in one 12 month period, in the case of an *employee* who cares for a covered servicemember. This 26 week total leave period applies to all leaves granted to the *employee* under this section for all reasons.
- The end of a total leave period of 12 weeks in: (a) any 12 month period, in the case of any other *employee*; or (b) any later 12 month period in the case of an *employee* who cares for a covered servicemember.
- The date on which your coverage would have ended had you not been on leave.
- The end of the period for which the premium has been paid.

Definitions As used in this section, the terms listed below have the meanings shown below:

- **Active Duty:** This term means duty under a call or order to active duty in the Armed Forces of the United States.

- **Covered Servicemember:** This term means a member of the Armed Forces, including a member of the National Guard or Reserves, who for a serious injury or illness: (a) is undergoing medical treatment, recuperation, or therapy; (b) is otherwise in outpatient status; or (c) is otherwise on the temporary disability retired list.
- **Next Of Kin:** This term means the nearest blood relative of the *employee*.

Your Right To Continue Group Coverage During A Family Leave Of Absence (Cont.)

- **Outpatient Status:** This term means, with respect to a covered servicemember, that he or she is assigned to: (a) a military medical treatment facility as an outpatient; or (b) a unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

Eligible Dependents For Dependent Dental Benefits

Your *eligible dependents* are: (a) your legal spouse; (b) your unmarried dependent children who are under age 20; and (c) your unmarried dependent children from age 20 until their 26th birthday, who are enrolled as full-time students at accredited schools.

An unmarried dependent child who is enrolled as a full-time student may be an *eligible dependent* after their 26th birthday if he or she:

- is a member of the Pennsylvania National Guard or a Reserve Component of the Armed Forces of the United States;
- was ordered to active federal duty or state active duty (other than training) for 30 or more consecutive days;
- was covered under this *plan* at the time ordered to active duty; and
- reenrolled as a full-time student for the first term or semester which began 60 or more days after release from active duty.

Such a child may continue to be an *eligible dependent* for a period of time equal to the lesser of: (a) the duration of his or her service on active duty; or (b) the date he or she is no longer a full-time student.

An unmarried dependent child who is not able to remain enrolled as a full-time student due to a *medically necessary* leave of absence may continue to be an *eligible dependent* until the earlier of: (a) the date that is one year after the first day of the *medically necessary* leave of absence; or (b) the date on which coverage would otherwise end under this *plan*. You must provide written certification by a treating physician which states that the child is suffering from a serious illness or injury and that the leave of absence is *medically necessary*.

Dependent Coverage (Cont.)

All Options

Dependent Coverage

Your dependents' eligibility for dental coverage under this *plan* is contingent upon their eligibility for vision coverage under this *plan*.

If a dependent is covered for vision coverage under this *plan*, the dependent is eligible for dental coverage under this *plan*.

If the dependent is not covered under this group vision *plan*, the dependent is not eligible to be covered under this *plan's* dental coverage.

The dependent's dental coverage starts on the later of: (a) the effective date of this coverage; or (b) the date the dependent becomes covered for vision benefits under this *plan*.

The dependent's dental coverage ends on the earlier of: (a) the date this coverage ends; or (b) the date the dependent is no longer covered for vision benefits under this group *plan*.

B489.0191

All Options

Adopted Children And Step-Children Your "unmarried dependent children" include your legally adopted children and, if they depend on you for most of their support and maintenance, your step-children. We treat a child as legally adopted from: (a) the time the child is placed in your home for the purpose of adoption; or (b) from birth, in the event that you have made an adoption agreement before the child's birth. We treat such a child this way whether or not a final adoption order is ever issued.

Dependents Not Eligible We exclude any dependent who is insured by this *plan* as an *employee*. And we exclude any dependent who is on active duty in any armed force.

B264.0011

All Options

Handicapped Children You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan*, such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

B449.0042

All Options

Waiver Of Dental Late Entrants Penalty If you initially waived dental coverage for your spouse or eligible dependent children under this plan because they were covered under another group plan, and you now elect to enroll them in the dental coverage under this plan, the Penalty for Late Entrants provision will not apply to them with regard to dental coverage provided their coverage under the other plan ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan.

But you must enroll your spouse or eligible dependent children in the dental coverage under this plan within 30 days of the date that any of the events described above occur.

In addition, the Penalty for Late Entrants provision for dental coverage will not apply to your spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 30 days of the issuance of the court-order.

B200.0749

All Options

When Dependent Coverage Starts In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. Subject to the "Exception" stated below and to all of the terms of this plan, the date your dependent coverage starts depends on when you elect to enroll your initial *dependents* and agree to make any required payments.

If you do this on or before your eligibility *date*, the dependent's coverage is scheduled to start on the later of your eligibility *date* and the date you become insured for employee coverage.

If you do this within the *enrollment period*, the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the enrollment *period* ends, each of your initial *dependents* is a late entrant and is subject to any applicable late entrant penalties. The dependent's coverage is scheduled to start on the date you sign the enrollment form.

Once you have dependent coverage for your initial *dependents*, you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the newly *acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, the newly *acquired dependent*, when enrolled, is a late entrant and is subject to any applicable late entrant penalties. The late entrant's coverage is scheduled to start on the date you sign the enrollment form.

All Options

Exception If a dependent, other than a newborn child, is confined to a *hospital* or other health care facility; or is unable to carry out the normal activities of someone of like age and sex on the date his dependent benefits would otherwise start, we will postpone the effective date of such benefits until the day after his discharge from such facility; or until he resumes the normal activities of someone of like age and sex.

B200.0693

All Options

Newborn Children We cover your newborn child for dependent benefits, from the moment of birth if you are already covered for dependent child coverage when the child is born. If you do not have dependent coverage when the child is born, we cover the child for the first 31 days from the moment of birth. To continue the child's coverage past the 31 days, you must enroll the child and agree to make any required premium payments within 31 days of the date the child is born. If you fail to do this, the child's coverage will end at the end of the 31 days, and once the child is enrolled, the child is a late entrant, is subject to any applicable late entrant penalties, and will be covered as of the date you sign the enrollment form.

We also cover a covered dependent's newborn child for dependent benefits starting from the moment of the child's birth. You must enroll the child and agree to make any required premium payments within 31 days of the date the child is born. If you fail to do this, the child's coverage will end at the end of the 31 days, and once the child is enrolled, the child is a late entrant, is subject to any applicable late entrant penalties, and will be covered as of the date you sign the enrollment form.

In no event will the child's coverage continue under this provision beyond the date the parent of the child is no longer an *eligible dependent*.

B489.0004

All Options

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends.

Dependent coverage also ends for all of your dependents when you stop being a member of a class of *employees* eligible for such coverage. And it ends when this *plan* ends, or when dependent coverage is dropped from this *plan* for all *employees* or for an *employee's* class.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent*. This happens to a child at 12:01 a.m. on the date the child attains this coverage's age limit, when he or she marries, or when a step-child is no longer dependent on you for support and maintenance. It happens to a spouse when a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

Group Enrollment Period

A group enrollment period is held each year. The group enrollment period is a time period agreed to by your employer and us. During this period, you may elect to enroll in dental insurance under this *plan*. Coverage starts on the first day of the month that next follows the date of enrollment. You and your *eligible dependents* are not subject to late entrant penalties if you enroll during the group enrollment period.

B497.2411

DENTAL EXPENSE INSURANCE

This insurance will pay many of a *covered person's* dental expenses. We pay benefits for covered charges incurred by a *covered person*. What we pay and terms for payment are explained below.

B498.0007

DentalGuard Preferred - This Plan's Dental Preferred Provider Organization

This *plan* is designed to provide high quality dental care while controlling the cost of such care. To do this, the *plan* encourages a *covered person* to seek dental care from *dentists* and dental care facilities that are under contract with *Guardian's dental preferred provider organization (PPO)*, which is called DentalGuard Preferred.

The dental PPO is made up of *preferred providers* in a covered person's geographic area. Use of the dental PPO is voluntary. A *covered person* may receive dental treatment from any dental provider he or she chooses. And he or she is free to change providers anytime.

This *plan* usually pays a higher level of benefits for covered treatment furnished by a *preferred provider*. Conversely, it usually pays less for covered treatment furnished by a *non-preferred provider*.

When an *employee* enrolls in this *plan*, he or she and his or her dependents receive a dental plan ID card and information about current *preferred providers*.

A *covered person* must present his or her ID card when he or she uses a *preferred provider*. Most *preferred providers* prepare necessary claim forms for the *covered person*, and submit the forms to us. We send the *covered person* an explanation of this *plan's* benefit payments, but any benefit payable by us is sent directly to the *preferred provider*.

What we pay is based on all of the terms of this *plan*. Please read this *plan* carefully for specific benefit levels, deductibles, *payment rates* and *payment limits*.

A *covered person* may call the Guardian at the number shown on his or her ID card should he or she have any questions about this *plan*.

B498.0151

Covered Charges

Whether a *covered person* uses the services of a *preferred provider* or a *non-preferred provider*, covered charges are the charges listed in the fee schedule the *preferred provider* has agreed to accept as payment in full, for the dental services listed in this *plan's* List of Covered Dental Services.

To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, we may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, we'll only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

B498.0062

All Options

Alternate Treatment

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by us. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof Of Claim

So that we may pay benefits accurately, the *covered person* or his or her *dentist* must provide us with information that is acceptable to us. This information may, at our discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document *proof of claim* and support the necessity of the proposed treatment. If we don't receive the necessary information, we may pay no benefits, or minimum benefits. However, if we receive the necessary information within 15 months of the date of service, we will redetermine the *covered person's* benefits based on the new information.

B498.0002

All Options

Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian*. The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to us.

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

Pre-Treatment Review (Cont.)

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan*. For instance, you may be covered by this *plan* and a similar plan through your spouse's employer. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Read "Coordination of Benefits" to see how this works.

Penalty For Late Entrants During the first 12 months a late entrant is covered by this *plan*, *we* won't pay for the following services:

- All Group III Services.

The Benefit Provision - Qualifying For Benefits (Cont.)

Charges for the services we don't cover under this provision are not considered to be covered charges under this *plan*, and therefore can't be used to meet this *plan's* deductibles.

We don't apply a late entrant penalty to covered charges incurred for services needed solely due to an *injury* suffered by a *covered person* while insured by this *plan*.

A late entrant is a person who: (a) becomes covered by this dental *plan* more than 31 days after he or she is eligible; or (b) becomes covered again, after his or her coverage lapsed because he or she did not make required payments.

How We Pay Benefits For Group I, II And III Non-Orthodontic Services

There is no deductible for Group I services. We pay for Group I covered charges at the applicable *payment rate*.

A *benefit year* deductible of \$25.00 applies to Group II and III services. Each *covered person* must have covered charges from these service groups which exceed the deductible before we pay him or her any benefits for such charges. These charges must be incurred while the *covered person* is insured.

Once a *covered person* meets the deductible, we pay for his or her Group II and III covered charges above that amount at the applicable *payment rate* for the rest of that *benefit year*.

All covered charges must be incurred while insured. And we limit what we pay each benefit year to \$1,000.00.

Rollover of Benefit Year Payment Limit for Group I, II and III Non-Orthodontic Services

A *covered person* may be eligible for a rollover of a portion of his or her unused *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, as follows:

If a *covered person* submits at least one claim for covered charges during a *benefit year* and, in that *benefit year*, receives benefits that are in excess of any deductible or co-pay fees, and that, in total, do not exceed the *Rollover Threshold*, he or she may be entitled to a Reward.

Note: If all of the benefits that a *covered person* receives in a *benefit year* are for services provided by a *preferred provider*, he or she may be entitled to a greater *Reward* than if any of the benefits are for services of a *non-preferred provider*.

Rewards can accrue and are stored in the *covered person's Bank*. If a *covered person* reaches his or her *benefit year* payment limit for Group I, II and III Non-Orthodontic Services, we pay benefits up to the amount stored in the *covered person's Bank*. The amount of *Reward* stored in the *Bank* may not be greater than the *Bank Maximum*.

A *covered person's Bank* may be eliminated, and the accrued *Reward* lost, if he or she has a break in coverage of any length of time, for any reason.

The amounts of this *plan's Rollover Threshold, Reward, and Bank Maximum* are:

- *Rollover Threshold* \$500.00
- *Reward* (if all benefits are for services provided by a *preferred provider*) \$350.00
- *Reward* (if any benefits are for services provided by a *non-preferred provider*) \$250.00
- *Bank Maximum* \$1,000.00

If this *plan's* dental coverage first becomes effective in October, November or December, this rollover provision will not apply until January 1 of the first full *benefit year*. And, if the effective date of a *covered person's* dental coverage is in October, November or December, this rollover provision will not apply to the covered person until January 1 of the next full *benefit year*. In either case:

- only claims incurred on or after January 1 will count toward the *Rollover Threshold*; and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

Rollover of Benefit Year Payment Limit for Group I, II and III Non-Orthodontic Services (Cont.)

If charges for any dental services are not payable for a *covered person* for a period set forth in the provision of this *plan* called Penalty for Late Entrants, this rollover provision will not apply to the *covered person* until the end of such period. And, if such period ends within the three months prior to the start of this plan's next *benefit year*, this rollover provision will not apply to the *covered person* until the next *benefit year*, and:

- only claims incurred on or after the start of the next *benefit year* will count toward the *Rollover Threshold*; and
- *Rewards* will not be applied to a *covered person's Bank* until the *benefit year* that starts one year from the date the rollover provision first applies.

Definitions of terms used in this provision:

"*Bank*" means the amount of a *covered person's* accrued *Reward* .

"*Bank Maximum*" means the maximum amount of *Reward* that a *covered person* can store in his or her *Bank*.

"*Reward*" means the dollar amount which may be added to a *covered person's Bank* when he or she receives benefits in a *benefit year* that do not exceed the *Rollover Threshold*.

"*Rollover Threshold*" means the maximum amount of benefits that a *covered person* can receive during a *benefit year* and still be entitled to receive a *Reward*.

The charges must be incurred while the person is insured. What we pay is based on this *plan's payment limits* and to all of the terms of this *plan*.

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Alternate Treatment provision is changed to read as follows when titanium or high noble metal (gold) is used in a *dental prosthesis*.

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by us. For example, in the case of bilateral multiple adjacent missing teeth, or multiple missing teeth in both quadrants of an arch the benefit will be based on a removable partial denture. In the case of titanium or high noble metal (gold) used in a *dental prosthesis*, the benefit will be based on the noble metal benefit. In the case of a composite filling on a posterior tooth, the benefit will be based on the corresponding covered amalgam filling benefit.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

COORDINATION OF BENEFITS

Important Notice This section applies to all group health benefits under this plan, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

- (1) If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is **not** an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.
- (2) The amount a benefit is reduced by the primary plan because a person does not comply with the plan's provisions is **not** an allowable expense. Examples of these provisions are: (a) precertification of admissions and procedures; (b) continued stay reviews; and (c) preferred provider arrangements.
- (3) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the primary plan's reasonable and customary charges for a specific benefit is **not** an allowable expense.
- (4) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the primary plan's negotiated fees for a specific benefit is **not** an allowable expense.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans.

Claim This term means a request that benefits of a plan be provided or paid.

Definitions (Cont.)

- Claim Determination Period** This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.
- Closed Panel Plan** This term means a health maintenance organization (HMO), preferred provider organization (PPO), exclusive provider organization (EPO), or other plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan; and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- Coordination Of Benefits** This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.
- Custodial Parent** This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.
- Group-Type Contracts** This term means contracts: (a) which are not available to the general public; and (b) can be obtained and maintained only because of membership in or connection with a particular organization or group. This includes, but is not limited to, franchise and blanket coverage.
- Hospital Indemnity Benefits** This term means benefits that are not related to expenses incurred. This term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.
- Plan** This term means any of the following that provides benefits or services for health care or treatment: (1) group insurance; (2) closed panel or other forms of group or group-type coverage, whether insured or uninsured; (3) group-type contracts; (4) amounts of group or group-type hospital indemnity benefits in excess of \$200.00 per day; (5) medical components of group long-term care contracts such as skilled nursing care; (6) medical benefits under group or individual automobile contracts; and (7) governmental benefits, except Medicare, as permitted by law.
- This term does not include: (a) individual or family insurance; (b) closed panel or other individual coverage, except for group-type coverage; (c) amounts of group or group-type hospital indemnity benefits of \$200.00 or less per day; (d) school accident type coverage; (e) benefits for non-medical components of group long-term care policies; or (f) Medicare, Medicare supplement policies, Medicaid, and coverage under other governmental plans, unless permitted by law.
- This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.
- Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

Definitions (Cont.)

Primary Plan This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group health benefits provided under this group plan.

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

This Plan **always** pays secondary to any motor vehicle policy available to a covered person, including any medpay, PIP, No Fault or any plan or program which is required by law. All covered persons should review their automobile insurance policy and ensure that uncoordinated medical benefits have been chosen so that the automobile insurance policy is the primary payer. When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the rules that applies is the rule to use.

Non-Dependent Or Dependent The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

Child Covered Under More Than One Plan The order of benefit determination when a child is covered by more than one plan is:

Order Of Benefit Determination (Cont.)

- (1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.
- (2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.
- (3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; (c) the plan of the noncustodial parent; and (d) the plan of the spouse of the noncustodial parent.

Active Or Inactive Employee The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage The plan that covered the person longer is primary.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses.

Effect On The Benefits Of This Plan (Cont.)

Closed Panel Plans If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan will pay or provide benefits as if it were primary when a covered person uses a non-panel provider; except for emergency services or authorized referrals that are paid or provided by the primary plan.

A person may be covered by two or more closed panel plans. If, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

Right Of Recovery

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

SUBROGATION AND RIGHT OF RECOVERY

Notice This section applies to any health care or loss of earnings benefits under this plan.

Purpose When a covered person has the right to recover amounts paid by this plan for health care or loss of earnings benefits, this plan also has certain rights. These are explained below.

Definitions As used in this section, the terms listed below have the meanings shown below:

- **Covered Person:** This term means any employee or dependent on whose behalf this plan pays health care or loss of earnings benefits. It includes the parent or guardian of any such covered employee or dependent who is a minor or incompetent.
- **Health Care:** This term means any: (a) major medical; (b) prescription drug; (c) dental; or (d) vision benefits.
- **Insurance Coverage:** This term means any insurance which provides coverage for: (a) medical expense payments; or (b) liability. This includes, but is not limited to: (i) uninsured motorist coverage; (ii) underinsured motorist coverage; (iii) personal umbrella coverage; (iv) medical payments coverage; (v) workers compensation coverage; (vi) no-fault automobile insurance coverage; or (vii) any first party insurance.
- **Third Party:** This term means any party actually, possibly, or potentially responsible for making any payment to a covered person due to the covered person's injury, sickness or condition. This term also means such party's: (a) the liability insurer; or (b) any insurance coverage. But, this term does not mean: (i) this plan; or (ii) the covered person.

Subrogation When this plan pays a benefit, it will immediately be subrogated to the covered person's rights of recovery from any third party to the full extent of benefits paid.

Recovery If a covered person receives a payment from any third party or insurance coverage due to an injury, sickness or condition, this plan has the right to recover from, and be repaid by, the covered person for all amounts this plan has paid and will pay due to that injury, sickness or condition, from such payment, up to and including the full amount he or she receives from any third party or insurance coverage.

Constructive Trust The covered person must serve as a constructive trustee over the funds that constitute payment from any third party or insurance coverage due to his or her injury, sickness or condition. This is the case whether the payment of benefits from the plan is: (a) made to the covered person; or (b) made on his or her behalf to any provider. If the covered person fails to hold such funds in trust, it will be deemed a breach of his or her fiduciary duty to the plan.

Lien Rights This plan will have a lien to the extent of benefits this plan paid due to the covered person's injury, sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgement, or otherwise, including from any insurance coverage, that a covered person receives due to his or her injury, sickness or condition. The lien may be enforced against any party who holds funds or proceeds which represent the amount of benefits paid by this plan. This includes, but is not limited to: (a) the covered person; (b) the covered person's representative or agent; (c) the third party; (d) the third party's insurer, representative or agent; and (e) any other source who holds such funds.

First Priority Claim This plan's recovery rights are a first priority claim against all third parties or insurance coverage and are to be paid to the plan before any other claim for the covered person's damages. This is the case whether the payment of benefits from the plan is: (a) made to the covered person; or (b) made on his or her behalf to any provider. This plan will be entitled to full repayment on a first dollar basis from any third party's or insurance coverage's payments, even if such payment to the plan will result in a recovery to the covered person which is not sufficient: (i) to make him or her whole; or (ii) to compensate him or her in part or in whole for the damages sustained. This plan is not required to participate in or pay court costs or attorney fees to the attorney hired by the covered person to pursue his or her damage claim.

Applicable To All Settlements And Judgements This plan is entitled to full recovery regardless of whether: (a) any liability for payment is admitted by a third party; or (b) the settlement or judgement received by the covered person identifies the benefits the plan paid. This plan is entitled to recover from any and all settlements or judgements, even those designated as: (i) pain and suffering; or (ii) non-economic damages only.

Cooperation The covered person must fully cooperate with this plan's efforts to recover the benefits it paid. He or she must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of his or her intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, sickness or condition sustained by him or her. He or she, and his or her agents, must provide all information requested by the plan or its representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as the plan or its representative may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against him or her.

The covered person must do nothing: (a) to prejudice this plan's rights as described in this section; or (b) to prejudice the plan's ability to enforce the terms of this section. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this plan. Failure to assist the plan in pursuit of its subrogation rights or failure to reimburse the plan from any settlement or recovery obtained by the covered person may result in the termination of benefits or the instigation of legal action against him or her.

The plan or its representative has the right to conduct an investigation regarding the injury, sickness or condition to identify any third party. The plan reserves the right to notify the third party and his or her agents of this plan's lien. Agents include, but are not limited to: (a) insurance companies; and (b) attorneys.

Interpretation In the event that any claim is made that any part of this section is ambiguous, or questions arise as to the meaning or intent of any of its terms, the plan has the sole authority and discretion to resolve all disputes regarding the interpretation of this section.

Jurisdiction Any legal action or proceeding with respect to this section may be brought in any court of competent jurisdiction as the plan may choose. The covered person must submit to each such jurisdiction and waive whatever rights may correspond to him or her by reason of his or her present or future domicile.

Vision Service Plan (VSP) - This Plan's Vision Care Preferred Provider Organization

The Policy is designed to provide high quality vision care while controlling the cost of such care. To do this, the Policy encourages a Covered Person to seek vision care from vision care practitioners and vision care facilities that belong to VSP, a vision care Preferred Provider Organization (PPO).

The vision care PPO is made up of Preferred Providers in a Covered Person's geographic area. When a Covered Person is enrolled in the Policy, he or she will get an enrollment packet. The packet will: (1) explain how to obtain benefits; and (2) contain information about current vision care Preferred Providers. He or she will also receive information on how to obtain a list of VSP Preferred Providers in his or her area.

A Covered Person may receive vision services from any VSP Preferred Provider. If a Preferred Provider ends his or her relationship with VSP for any reason, VSP will be responsible for furnishing vision services to Covered Persons either through that provider or another VSP Preferred Provider.

Use of the vision care PPO is voluntary. A Covered Person may receive vision care from any vision care provider he or she chooses. And he or she is free to change providers at any time. But, the Policy usually pays more in benefits for covered services furnished by a Preferred Provider. Conversely, it usually pays less for covered services not furnished by a vision care Preferred Provider.

What We pay is based on all of the terms of the Policy. Please read this Certificate carefully for specific benefit levels, Copayments, Deductibles, Payment Rates and Payment Limits.

A Covered Person may call VSP should he or she have any questions about the vision coverage.

How This Plan Works

We pay benefits for the covered charges a Covered Person incurs as shown below. The services and supplies covered under this Certificate are explained in Covered Services and Supplies. If a Covered Person plans to use the services of a Preferred Provider, the Preferred Provider must receive authorization from VSP. See Obtaining Services from a Preferred Provider. If authorization is not received, benefits will be paid as if services and supplies were received from a Non- Preferred Provider.

If a Covered Person receives services or supplies from a Non-Preferred Provider, he or she must submit the itemized bill to VSP for claims payment. Please refer to Vision Claim Provisions in this Certificate.

Payment Limits: Payment limits, durational or monetary, are shown in the Covered Services and Supplies. When a monetary Payment Limit is set for a pair of materials, the limit is halved if only one item is purchased.

Payment Rates: Once a Covered Person has paid any applicable Copayment or Deductible, We pay benefits for covered charges under this Certificate at the Payment Rate shown in the Schedule Of Benefits. What We pay is subject to all of the terms of this Certificate.

DEFINITIONS

This section defines certain terms appearing in this Rider. Additional terms, not listed here, are defined in the Certificate.

Participating Retail Chain Provider: This term means vision care providers who are not contracted as VSP Preferred Providers but who have agreed to bill VSP directly for covered vision services and supplies provided as set forth in this rider. Not all Participating Retail Chain Providers may be able to provide all such covered vision services and supplies. Covered Persons should discuss requested services with their provider or contact VSP Customer Care at (877) 814-8970 for details.

The following definition replaces the definition of the term "Copayment" as it is shown in the Certificate.

Copayment: This term means a charge, expressed as a fixed dollar amount, required to be paid by, or on behalf of, a Covered Person to a Preferred Provider or a Participating Retail Chain Provider at the time covered vision services or supplies are received.

This Rider is a part of the Certificate. Except as stated in this Rider, nothing contained in this Rider changes or affects any other terms of the Certificate.
